PREAMBLE

THE HIGH CONTRACTING PARTIES:

NOTING that the Treaty establishing the Southern African Development Community has, in Article 22, expressly called for the conclusion of Protocols as may be necessary in each area of co-operation within the Community;

CONSIDERING that trade in goods and services and the enhancement of cross-border investment are major areas of co-operation among the Member States of the Community;

RECOGNISING that the development of trade and investment is essential to the economic integration of the Community;

RECOGNISING that an integrated regional market will create new opportunities for a dynamic business sector;

CONVINCED of the need to strengthen Customs co-operation and combat illicit trade within the Community;

CONVINCED that a framework of trade co-operation among Member States based on equity, fair competition and mutual benefit will contribute to the creation of a viable Development Community in Southern Africa;

MINDFUL of the different levels of economic development of the Member States of the Community and the need to share equitably the benefits of regional economic integration;

COMMITTED to linking the liberalisation of trade to a process of viable industrial development, as well as co-operation in finance, investment and other sectors;

NOTING the provisions of the Abuja Treaty calling for the establishment of regional and sub-regional economic groupings as building blocs for the creation of the African Economic Community;

MINDFUL of the results of the Uruguay Round of Multilateral Trade Negotiations on global trade liberalisation;

RECOGNISING the obligations of Member States in terms of existing regional trade arrangements and bilateral trade agreements;

Hereby agree as follows:

PART ONE DEFINITIONS AND OBJECTIVES

ARTICLE 1 DEFINITIONS

"Annex"	means a legal instrument of implementation of this Protocol, which forms an integral part thereto, and has the same legal force;
"Community"	means the Organisation as defined in Article 1 of the SADC Treaty;

"Conformity Assessment"	means any procedure used, directly or indirectly, to determine that a technical regulation or standard is fulfilled, including sampling, testing, inspection, evaluation, verification, monitoring, auditing, accreditation, registration or approval used for such a purpose, but does not mean an approval procedure;
"Council"	means Council of Ministers as defined in Article 1 of the SADC Treaty;
"CMT"	means the Committee of Ministers responsible for trade matters;
"Dumping"	means, in accordance with the provisions of Article VI of GATT(1994), the introduction of a product into the commerce of another country at less than its normal value, if the price of the product exported from one country to another is less than the comparable price in the ordinary course of trade, for the like product when destined for consumption in the exporting country;
"Export Duties"	means any duties or charges of equivalent effect imposed on, or in connection with, the exportation of goods from any Member State to a consignee in another Member State;
"High Contracting Parties"	means States as defined in Article 1 of the Treaty;

ARTICLE 2 **OBJECTIVES**

The objectives of this Protocol are:

1. To further liberalise intra-regional trade in goods and services on the basis of fair, mutually equitable and beneficial trade arrangements, complemented by Protocols in other areas.
2. To ensure efficient production within SADC reflecting the current and dynamic comparative advantages of its Members.
3. To contribute towards the improvement of the climate for domestic, cross-border and foreign investment.
4. To enhance the economic development, diversification and industrialisation of the Region.
5. To establish a Free Trade Area in the SADC Region.

PART TWO TRADE IN GOODS

ARTICLE 3 **ELIMINATION OF BARRIERS TO INTRA-SADC TRADE**

1. The process and modalities for the phased elimination of tariffs and non-tariff barriers shall be determined by the Committee of Ministers responsible for trade matters (CMT) having due regard to the following:
 - a) The existing preferential trade arrangements between and among the Member States.
 - b) That the elimination of barriers to trade shall be achieved within a time frame of eight (8) years from entry into force of this Protocol.

- c) That Member States which consider they may be or have been adversely affected, by removal of tariffs and non-tariff barriers (NTBs) to trade may, upon application to CMT, be granted a grace period to afford them additional time for the elimination of tariffs and (NTBs). CMT shall elaborate appropriate criteria for the consideration of such applications.
 - d) That different tariff lines may be applied within the agreed time frame for different products, in the process of eliminating tariffs and NTBs.
 - e) The process and the method of eliminating barriers to intra-SADC trade, and the criteria of listing products for special consideration, shall be negotiated in the context of the Trade Negotiating Forum (TNF).
2. The agreed process and modalities for eliminating barriers to intra-SADC trade shall upon adoption, be deemed to form an integral part of this Protocol.

ARTICLE 4 **ELIMINATION OF IMPORT DUTIES**

- 1. There shall be a phased reduction and eventual elimination of import duties, in accordance with Article 3 of this Protocol, on goods originating in Member States.
- 2. The process should be accompanied by an industrialisation strategy to improve the competitiveness of Member States.
- 3. The CMT shall adopt such measures as may be necessary to facilitate adjustment arising from application of this Article. The CMT shall review such measures from time to time.
- 4. Pursuant to paragraph 1, Member States shall not raise import duties beyond those in existence at the time of entry into force of this Protocol.
- 5. Nothing in Paragraph 4 of this Article shall be construed as preventing the imposition of across-the-board internal charges.
- 6. This Article shall not apply to fees and similar charges commensurate with costs of any services rendered.

ARTICLE 5 **ELIMINATION OF EXPORT DUTIES**

- 1. Member States shall not apply any export duties on goods for export to other Member States.
- 2. This Article shall not prevent any Member State from applying export duties necessary to prevent erosion of any prohibitions or restrictions, which apply to exports outside the Community, provided that no less favourable treatment is granted to Member States than to third countries.

ARTICLE 6 **NON-TARIFF BARRIERS**

Except as provided for in this Protocol, Member States shall, in relation to intra-SADC trade:

- a) adopt policies and implement measures to eliminate all existing forms of NTBs.
- b) refrain from imposing any new NTBs.

ARTICLE 7

QUANTITATIVE IMPORT RESTRICTIONS

1. Member States shall not apply any new quantitative restrictions and shall in accordance with Article 3, phase out the existing restrictions on the import of goods originating in Member States, except where otherwise provided for in this Protocol.
2. Notwithstanding the provisions of paragraph 1 of this Article, Member States may apply a quota system provided that the tariff rate under such a quota system is more favourable than the rate applied under this Protocol.

ARTICLE 8

QUANTITATIVE EXPORT RESTRICTIONS

1. Member States shall not apply any quantitative restrictions on exports to any other Member State, except where otherwise provided for in this Protocol.
2. Member States may take such measures as are necessary to prevent erosion of any prohibitions or restrictions which apply to exports outside the Community, provided that no less favourable treatment is granted to Member States than to third countries.

ARTICLE 9

GENERAL EXCEPTIONS

Subject to the requirement that such measures are not applied in a manner which would constitute a means of arbitrary or unjustifiable discrimination between Member States, or a disguised restriction on intra-SADC trade, nothing in Article 7 and 8 of this Protocol shall be construed as to prevent the adoption or enforcement of any measures by a Member State:

- a) necessary to protect public morals or to maintain public order;
- b) necessary to protect human, animal or plant life or health;
- c) necessary to secure compliance with laws and regulations which are consistent with the provisions of the WTO;
- d) necessary to protect intellectual property rights, or to prevent deceptive trade practices;
- e) relating to transfer of gold, silver, precious and semi-precious stones, including precious and strategic metals;
- f) imposed for the protection of national treasures of artistic, historic or archaeological value;
- g) necessary to prevent or relieve critical shortages of foodstuffs in any exporting Member State;
- h) relating to the conservation of exhaustible natural resources and the environment; or
- i) necessary to ensure compliance with existing obligations under international agreements;

- j) necessary to prohibit or control the importation or exportation of second-hand goods into or from its territory under this Protocol.

ARTICLE 10
SECURITY EXCEPTION

1. Nothing in this Protocol shall prevent any Member State from taking measures which it considers necessary for the protection of its security interests or for the purpose of maintaining peace.
2. The concerned Member State shall notify the CMT of any such measures.

ARTICLE 11
NATIONAL TREATMENT

Member States shall accord, immediately and unconditionally, to goods traded within the Community the same treatment as to goods produced nationally in respect of all laws, regulations and requirements affecting their internal sale, offering for sale, purchase, transportation, distribution or use.

PART THREE
CUSTOMS PROCEDURES

ARTICLE 12
RULES OF ORIGIN

Originating goods shall be eligible for Community treatment, in accordance with the provision of Annex 1 of this Protocol.

ARTICLE 13
CO-OPERATION IN CUSTOMS MATTERS

Member States shall, as provided for in Annex II of this Protocol, take appropriate measures, including arrangements regarding Customs administration co-operation, to ensure that the provisions of this Protocol are effectively and harmoniously applied.

ARTICLE 14
TRADE FACILITATION

Member States shall, as provided for in Annex III of this Protocol, take such measures as are necessary to facilitate the simplification and harmonisation of trade documentation and procedures.

ARTICLE 15
TRANSIT TRADE

Products imported into, or exported from, a Member State shall, as provided for in Annex IV of this Protocol, enjoy freedom of transit within the Community and shall only be subject to the payment of the normal rates for services rendered.

**PART FOUR
TRADE LAWS**

**ARTICLE 16
SANITARY AND PHYTOSANITARY MEASURES**

1. Member States shall base their sanitary and phytosanitary measures on international standards, guidelines and recommendations, so as to harmonise sanitary and phytosanitary measures for agricultural and livestock production and food safety.
2. Member States shall, upon request, enter into consultation with the aim of achieving agreements on recognition of the equivalence of specific sanitary and phytosanitary measures, in accordance with the WTO Agreement on the Application of Sanitary and Phytosanitary Measures.

**ARTICLE 17
STANDARDS, TECHNICAL REGULATIONS AND CONFORMITY ASSESSMENT**

1. Each Member State shall use relevant international standards as a basis for its standards-related measures, except where such standards would be an ineffective or inappropriate means to fulfil its legitimate objectives.
2. A Member State's standards-related measures that conform to an international standard shall be presumed not to create an unnecessary obstacle to trade.
3. Without reducing the level of safety, or of protection of human, animal or plant life or health, of the environment or of consumers, without prejudice to the rights of any Member State and taking into account international standardisation activities, Member States shall, to the greatest extent practicable, make compatible their respective standards-related measures, so as to facilitate trade in goods and services within the Community.
4. Member States accept as equivalent technical regulations of other Member States, even if these regulations differ from their own, provided that they adequately fulfil the objectives of their regulations.
5. A Member State shall, upon request of another Member State, seek through appropriate measures, to promote the compatibility of specific standards or conformity assessment procedures that are maintained in its territory, with the standards or conformity assessment procedures maintained in the territory of other Member States.

**ARTICLE 18
ANTI-DUMPING MEASURES**

Nothing in this Protocol shall prevent any Member State from applying anti-dumping measures which are in conformity with WTO provisions.

**ARTICLE 19
SUBSIDIES AND COUNTERVAILING MEASURES**

1. Member States shall not grant subsidies which distort or threaten to distort competition in the Region.
2. Notwithstanding paragraph 1 of this Article, a Member State may continue to apply a subsidy in accordance with Article 3.

3. A Member State may, for the purposes of offsetting the effects of subsidies and subject to WTO provisions, levy countervailing duties on a product of another Member State.
4. Notwithstanding the provisions of paragraph 1 of this Article, a Member State may introduce a new subsidy only in accordance with WTO provisions.

ARTICLE 20 **SAFEGUARD MEASURES**

1. A Member State may apply a safeguard measure to a product only if that Member State has determined that such product is being imported to its territory in such increased quantities, absolute or relative to domestic production, and under such conditions as to cause or threaten to cause serious injury to the domestic industry that produces like or directly competitive products.
2. A serious injury shall be determined in accordance with Article 4 of the WTO Agreement on Safeguards.
3. Safeguard measures shall be applied to a product being imported irrespective of its source within the Region.
4. In applying measures in accordance with paragraph 1 of this Article, a Member State shall give like treatment to all imports of originating goods.
5. A Member State shall apply safeguard measures only to the extent and for such period of time necessary to prevent or remedy serious injury and to facilitate adjustment. In accordance with Article 7 of the WTO Agreement on Safeguards, the period shall not exceed four years, unless the competent authorities of the importing Member State have determined that the safeguard measure continues to be necessary to prevent or remedy serious injury and that there is evidence that the industry is adjusting.
6. Notwithstanding the provision of paragraph 5 of this Article, the total period of application of a safeguard measures shall not exceed eight (8) years.

ARTICLE 20 BIS **PROVISIONAL SAFEGUARD MEASURES**

1. Where a Member State is of the opinion that any product is being imported in such increase quantities and under such conditions as to cause or threaten to cause serious injury to domestic producers of like or directly competitive products in its territory, that Member State shall be entitled, subject to paragraph 2, to impose a provisional safeguard measure, to the extent necessary to prevent or remedy the injury. In no circumstances shall a measure be imposed for a period exceeding 200 days.
2. A Member State shall provide the Executive Secretary with a written notification of its intention to impose a measure in terms of paragraph 1 prior to taking such a measure. Such notification shall contain the following information:
 - (a) the product subject to the proposed measure;
 - (b) the proposed safeguard measure;
 - © the proposed date of introduction of the provisional safeguard measure;

- (d) the expected duration of the provisional safeguard, if any decision on the duration of the measure has been made; and
- (e) the basis:
 - (i) making a preliminary determination, that increased imports have caused or are threatening to cause serious injury; and
 - (ii) determining that there are critical circumstances where delay would cause damage which it would be difficult to repair.
- 3. The Executive Secretary shall call an urgent meeting of the CMT to take place within a period of 20 days from the date of receipt of the notification to decide on the proposed imposition of the provisional safeguard measure
- 4. Unless the CMT decides by consensus to disapprove the imposition of such measure, the notifying Member State may proceed with the imposition of the measure. The CMT may only disapprove the measure if the notifying Member State fails to provide the basis for such measure as contemplated in paragraph 2(e)
- 5. In the event that the CMT fails to make a decision regarding the approval of the proposed imposition of the provisional safeguard measure within 30 days from the date of notification, the notifying Member State shall be entitled to proceed with the imposition of the provisional safeguard measure in accordance with the information provided in the said notification.
- 6. The CMT may request additional information as it considers necessary from the notifying Member State.
- 7. A provisional safeguard measure shall not be applied against a product originating in a Member State as long as its share of imports of the product concerned in the notifying Member State does not exceed 7 per cent, provided that Member States with less than 7 per cent import share collectively account for not more than 15 per cent of total imports of the product concerned.
- 8. A provisional safeguard measure shall take the form of tariff increases only.
- 9. Any duties collected as a result of the imposition of a provisional safeguard measure shall be promptly refunded if no subsequent investigation referred to in Article 20 is proceeded with after the imposition of the provisional safeguard measure, or if the subsequent investigation does not determine that increased imports have caused or threatened to cause serious injury to a domestic industry.

ARTICLE 21 PROTECTION OF INFANT INDUSTRIES

- 1. Notwithstanding the provisions of Article 4 of this Protocol, upon the application by a Member State, the CMT may as a temporary measure in order to promote an infant industry, and subject to WTO provisions, authorise a Member State to suspend certain obligations of this Protocol in respect of like goods imported from the other Member States.
- 2. The CMT may, in taking decisions under paragraph 1 of this Article, impose terms and conditions to which such authorisation shall be subject, for the purposes of preventing or minimising excessive disadvantages as those which may result in trade imbalances.
- 3. The CMT shall regularly review the protection of infant industries by a Member State applied in accordance with paragraph 1 of this Article.

**PART FIVE
TRADE RELATED INVESTMENT MATTERS**

**ARTICLE 22
CROSS-BORDER INVESTMENT**

Member States shall adopt policies and implement measures within the Community to promote an open cross-border investment regime, thereby enhancing economic development, diversification and industrialisation.

**PART SIX
OTHER TRADE RELATED ISSUES**

**ARTICLE 23
TRADE IN SERVICES**

1. Member States recognise the importance of trade in services for the development of the economies of SADC Countries.
2. Member States shall adopt policies and implement measures in accordance with their obligations in terms of the WTO's General Agreement on Trade in Services (GATS), with a view to liberalising their services sector within the Community.

**ARTICLE 24
INTELLECTUAL PROPERTY RIGHTS**

Member States shall adopt policies and implement measures within the Community for the protection of Intellectual Property Rights, in accordance with the WTO Agreement on Trade-Related Aspects of Intellectual Property Rights.

**ARTICLE 25
COMPETITION POLICY**

Member States shall implement measures within the Community that prohibit unfair business practices and promote competition.

**PART SEVEN
OTHER SUBSTANTIVE PROVISIONS**

**ARTICLE 26
TRADE DEVELOPMENT**

Member States shall adopt comprehensive trade development measures aimed at promoting trade within the Community, as provided for in Annex V of this Protocol.

**PART EIGHT
TRADE RELATIONS AMONG MEMBER STATES AND WITH THIRD COUNTRIES**

ARTICLE 27

PREFERENTIAL TRADE ARRANGEMENTS

1. Member States may maintain preferential trade and other trade related arrangements existing at the time of entry into force of this Protocol;
2. Member States may enter into new preferential trade arrangements between themselves, provided that such arrangements are not inconsistent with the provisions of this Protocol.
3. Notwithstanding the provisions of paragraph 1 and 2 of this Article, Member States party to any existing preferential trade arrangements and other trade related arrangements undertake to review the further application of such preferential trade arrangements, with a view to attaining the objectives of this Protocol.

ARTICLE 28

MOST FAVOURED NATION TREATMENT

1. Member States shall accord Most Favoured Nation Treatment to one another.
2. Nothing in this Protocol shall prevent a Member State from granting or maintaining preferential trade arrangements with third countries, provided such trade arrangements do not impede or frustrate the objectives of this Protocol and that any advantage, concession, privilege or power granted to a third country under such arrangements is extended to other Member States.
3. Notwithstanding the provisions of paragraph 2 of this Article, a Member State shall not be obliged to extend preferences of another trading bloc of which that Member State was a member at the time of entry into force of this Protocol.

ARTICLE 29

COORDINATION OF TRADE POLICIES

Member States shall, to their best endeavour, coordinate their trade policies and negotiating positions in respect of relations with third countries or groups of third countries and international organisations as provided for in Article 24 of the Treaty, to facilitate and accelerate the achievement of the objectives of this Protocol.

ARTICLE 30

**CO-OPERATION WITH THIRD COUNTRIES OR
GROUPS OF THIRD COUNTRIES**

Member States shall develop co-operation and conclude agreements with third countries or groups of third countries and international organisations as provided for in Article 24 of the Treaty, to facilitate and accelerate the achievement of the objectives of this Protocol.

PART NINE

INSTITUTIONAL ARRANGEMENTS AND DISPUTE SETTLEMENT PROCEDURES

ARTICLE 31

INSTITUTIONAL ARRANGEMENTS

1. The institutional mechanisms for the implementation of this Protocol shall comprise the CMT, Committee of Senior Officials responsible for trade matters, the TNF and the Secretariat.

2. The Committee of Ministers shall be responsible for trade matters including the following:
 - a) supervision of the implementation of this Protocol;
 - b) supervision of the work of any committee or sub-committee established under this Protocol.
3. The Committee of Senior Officials shall:
 - a) report to the CMT on matters relating to the implementation of the provisions contained in this Protocol;
 - b) supervise the work of the Secretariat;
 - c) clear the documents prepared by the Secretariat to be submitted to the CMT;
 - d) liaise closely with both the CMT and the Secretariat;
 - e) monitor the implementation of this Protocol;
 - f) supervise the work of the TNF.
4. The Trade Negotiation forum shall be responsible for the conduct of trade negotiations and shall report to the Committee of Senior Officials. Its functions shall include:
 - a) regular reviews in which offers shall be made and where the removal of non-tariff barriers shall be requested or offered;
 - b) the creation of a research capacity of experts to monitor the impact of measures already implemented, and offer advice on the potential impact of offers under discussion;
 - c) the establishment of a linkage between trade liberalisation and industrial policy coordination, as well as other areas of sectoral co-operation; and
 - d) the establishment of a regional framework on the phased reduction and eventual elimination of tariff and NTBs to trade among Member States.
5. The Secretariat shall perform the following functions:
 - a) coordinate the day-to-day operations in the implementation of this Protocol;
 - b) provide technical and administrative assistance to the CMT, the Committee of Senior Officials and the TNF;
 - c) provide assistance to subsidiary committees, sub-committees and panels established to implement this Protocol;
 - d) work closely with the private sector;
 - e) identify research needs and priorities in the trade area.

ARTICLE 32
SETTLEMENT OF DISPUTES

The rules and procedures of Annex VI shall apply to the settlement of disputes between Member States concerning their rights and obligations under this Protocol.

ARTICLE 33
GENERAL UNDERTAKING

1. Member States shall take all appropriate measures to ensure the carrying out of the obligations arising from this Protocol.
2. Member States shall co-operate in addressing any impediments to intra-SADC trade that may arise as a result of any action or lack of action by any Member State on issues having material bearing on such trade and which are not covered elsewhere in this Protocol.
3. In the event that Member States disagree on the existence of impediments to intra-SADC trade, the Member States may have recourse to the provisions of Article 32 of this Protocol.

ARTICLE 34
AMENDMENTS

1. Amendments to this Protocol shall be in accordance with the procedures established by Article 36 of the Treaty.
2. In the case of a proposal to amend an existing annex or include a new annex to this protocol, the CMT shall adopt the proposal by consensus.
3. A proposal adopted by the CMT in accordance with paragraph 2 shall form an integral part of this Protocol."

ARTICLE 35
SIGNATURE

This Protocol shall be signed by the High Contracting Parties.

ARTICLE 36
RATIFICATION

This Protocol shall be ratified by the Member States in accordance with their constitutional procedures.

ARTICLE 36 A
IMPLEMENTATION

1. Each Member State shall deposit an instrument of implementation, indicating the date upon which that Member State shall implement the Protocol, within six months after the date of entry into force of this Amendment Protocol. This Amendment Protocol and the Tariff Reduction Schedules, adopted by the CMT pursuant to Article 3(2) of the Protocol, shall be implemented by each Member State on a date not later than twelve months from the date of

entry into force of this Amendment Protocol. No Member State shall be obliged to extend preferential treatment under this Protocol to another Member State which has not deposited an instrument of implementation as provided for in this paragraph.

2. No Member State shall deposit an instrument of implementation or accession to this Amendment Protocol unless it has previously or simultaneously deposited an instrument of ratification or accession to the Protocol.

ARTICLE 37 **ENTRY INTO FORCE**

This Protocol shall enter into force 30 days after the deposit of the Instruments of Ratification by two-thirds of the Member States.

ARTICLE 38 **ACCESSION**

This Protocol shall remain open for accession by any Member State.

ARTICLE 39 **DEPOSITARY**

1. This Protocol and all instruments of Ratification or Accession shall be deposited with the Executive Secretary, who shall transmit certified true copies thereof, to all Member States.
2. The Executive Secretary of SADC shall notify the Member States of the dates of deposit of Instruments of Ratification and Accession.
3. The Executive Secretary shall register this Protocol with the United Nations, the Organisation of African Unity and such other organisations as the Council may determine.

IN WITNESS WHEREOF, WE, the Heads of State or Government or duly Authorised Representatives of SADC Member States have signed this Protocol.

ANNEXES

ANNEX I

CONCERNING THE RULES OF ORIGIN FOR PRODUCTS TO BE TRADED BETWEEN THE MEMBER STATES OF THE SOUTHERN AFRICAN DEVELOPMENT COMMUNITY

PREAMBLE

The High Contracting Parties:

AWARE that they have undertaken to progressively establish a Development Community within which Customs duties and other charges of equivalent effect imposed on imports shall be gradually reduced and eventually eliminated and non-tariff barriers to trade among Member States shall be removed, and all trade documents and procedures shall be harmonised;

RECOGNIZING that clear and predictable rules of origin and their application should facilitate the flow of regional trade and economies of scale in the Region;

RECOGNIZING that it is desirable to provide for transparency of laws, regulations and practices regarding rules of origin and that the scope of this Annex is to provide for a consolidated text, incorporating all provisions concerning the origin of goods, within the context of this Protocol, and aimed at facilitating implementation and administration of these rules;

DESIRING to ensure that rules of origin themselves do not create unnecessary obstacles to trade and facilitate the implementation thereof by Customs administrations by providing an exhaustive and complete text;

TAKING INTO ACCOUNT the provisions of Article 12 of this Protocol which require that the rules of origin for products that shall be eligible for Community treatment shall be set out in Annex I to this Protocol;

HEREBY AGREE as follows:

RULE 1

DEFINITIONS AND INTERPRETATION

1. Definitions

For the purposes of this Annex:

"Chapters" and "Headings" and sub-headings	mean the chapters and the headings (four and six-digit codes) used in the Harmonised Commodity Description and Coding System, referred to in this Annex as "the Harmonised System" or "HS";
"Classified"	refers to the classification of a product or material under a particular HS heading;
"Consignment"	means products which are either sent simultaneously from one exporter to one consignee or covered by a single transport document covering their shipment from the exporter to the consignee or, in the absence of such a document, by a single invoice;

"Customs value"	means the value as determined in accordance with the 1994 Agreement on implementation of Article VII of the GATT (WTO Agreement on Customs Valuation);
"Ex-works price"	means the price paid for the product ex works to the manufacturer in any Member State in whose undertaking the last working or processing is carried out, provided the price includes the value of all the materials used, plus the profit and minus any internal taxes which are, or may be, repaid when the product obtained is exported;
"Goods"	means both materials and products;
"MMTZ"	means the Republic of Malawi, the Republic of Mozambique, the United Republic of Tanzania and the Republic of Zambia;
"Manufacture"	means any kind of working or processing, including assembly or specific operations;
"Material"	means any ingredient, raw material, component or part and the like, used in the manufacture of the product;
"Product"	means the product being manufactured, even if it is intended for later use in another manufacturing operation;
"SACU"	means the Southern African Customs Union of which the members are the Republic of Botswana, the Kingdom of Lesotho, the Republic of Namibia, the Republic of South Africa and the Kingdom of Swaziland;
"Territories"	includes territorial waters;
"Value of materials"	means the customs value at the time of importation of the non-originating materials used or, if this is not known and cannot be ascertained, the first ascertainable price paid for the materials in any Member State. The calculations of the Customs value of the non-originating materials will include: <ul style="list-style-type: none"> (a) the cost of transport of the imported goods to the port or place of importation; (b) loading, unloading and handling charges associated with the transport of the imported goods to the port or place of importation; and (c) the cost of insurance, provided that the amount of any transport costs incurred in transit through Member States should be deducted from the calculations of the Customs value of the non-originating materials as provided for in the definition herein;
"Value of the originating materials"	means the value of such materials as defined in "value of materials" above, applied <i>mutatis mutandis</i> .

RULE 2 ORIGIN CRITERIA

1. General requirements

For the purpose of implementing this Protocol, goods shall be accepted as originating in a Member State if they are consigned directly from a Member State to a consignee in another Member State and:

- (a) they have been wholly produced in any Member State as provided for in Rule 4 of this Annex; or
- (b) they have been obtained in any Member State incorporating materials which have not been wholly produced there, provided that such materials have undergone sufficient working or processing in any Member State within the meaning of paragraph 2 of this Rule.

2. Sufficiently worked or processed products

- (a) For the purpose of this Rule, products, which are not wholly produced, are considered to be sufficiently worked or processed when the conditions set out in the list in Appendix I of this Annex are fulfilled.
- (b) The conditions referred to in sub-paragraph (a) indicate, for all products covered by this Protocol, the working and processing which must be carried out on non-originating materials used in manufacturing and apply only in relation to such materials. Accordingly, it follows that if a product, which has acquired originating status by fulfilling the conditions set out in this list, is used in the manufacture of another product, the conditions applicable to the product in which it is incorporated do not apply to it, and no account shall be taken of the non-originating materials which may have been used in its manufacture.
- (c) Notwithstanding the provisions of sub-paragraph (a), products of HS chapters 50 to 63 exported to SACU by MMTZ Member States will be considered to be sufficiently worked or processed when the conditions set out in column 4 of the list in Appendix I are fulfilled, subject to such quantitative limits, time periods and arrangements for the administration and enforcement of such quantitative limits as agreed upon by the CMT on 4 August 2000.

3. Value tolerance

- (a) Notwithstanding the provisions of paragraph 2(b) of this Rule, non-originating materials which, according to the conditions set out in the list in Appendix I, should not be used in the manufacture of a product may nevertheless be used, provided that:
 - (i) their total value does not exceed 15 per cent of the ex-works price of the product; and
 - (ii) any of the percentages given in the list for the maximum value of non-originating materials are not exceeded through the application of this sub-paragraph.
- (b) The provisions of sub-paragraph (a) shall not apply to the products falling within HS chapters 50 to 63, 87 and 98.

4. Cumulative treatment

- (a) For the purposes of implementing this Annex, the Member States shall be considered as one territory.
- (b) Raw materials or semi-finished goods originating in accordance with the provisions of this Annex in any of the Member States and undergoing working or processing either in one or more Member States shall, for the purpose of determining the origin of a finished product, be deemed to have originated in the Member State where the final processing or manufacturing takes place.

5. Non-eligibility of certain agricultural products

Notwithstanding any provision in this Annex, agricultural products, whether or not processed in any way, obtained, or partly obtained from food aid or monetization or similar assistance measures, including arrangements based on non-commercial terms, shall not be eligible for any preferential treatment under this Protocol.

RULE 3

PROCESSES NOT CONFERRING ORIGIN

Notwithstanding the provisions of paragraph 1(a) of Rule 2 of this Annex, the following operations and processes shall be considered as insufficient to support a claim that goods originate in a Member State:

1. Packing, packaging and other preparations or processes for shipping and for sales:
 - (a) packing, repacking or retail packaging, including bottling, placing in flasks, bags, cases and boxes, fixing on cards or boards and all other simple packing operations;
 - (b) changes of packing and breaking up or assembly of consignments;
 - (c) operations to ensure the preservation of merchandise in good condition during transportation and storage, such as ventilation, spreading out, drying, freezing, making into a solution, removal of damaged parts and similar operations. This also includes loading, reloading or any other operation necessary to maintain the merchandise in good condition.
2. Mere dilution, blending and other types of mixing:
 - (a) simple mixing of ingredients imported from outside the Member States;
 - (b) mere dilution with water or another substance that does not materially alter the characteristics of the material;
 - (c) the addition of substances such as anti-caking agents, preservatives, wetting agent and the like;
 - (d) diluting chemicals with inert ingredients to bring them to the standard degree of strength;
 - (e) for the purposes of this sub-paragraph, dilution shall be taken not to include:
 - (i) either mixing together of two bulk medicinal substances followed by the packaging of the mixed products into individual doses for retail sale; or
 - (ii) the addition of water or another substance to a chemical compound under pressure which results in a reaction creating a new chemical compound.
3. Simple assembly or combining operations.
4. Other minor operations:
 - (a) ornamental or finishing operations incidental to textile production designed to enhance the marketing appeal or ease the product's case, such as simple hand dyeing and printing, embroidery and appliqué, pleating, hemstitching, stone or acid washing, permanent pressing, or the attachment of accessories, findings and trimmings. The rules of origin for products of HS chapters 50 to 63 exported to SACU by MMTZ Member States, according to the provisions of paragraph 2(c) of Rule 2, may allow minor operations that would otherwise be non-origin conferring processes;
 - (b) dismantling or disassembly;
 - (c) repairs and alterations, washing, laundering or sterilisation;

- (d) application of preservatives or decorative coatings, including lubricants, protective encapsulation, preservative or decorative paint or metallic coatings;
 - (e) testing, sorting or grading;
 - (f) marking, labelling or affixing other like distinguishing signs on products or their packages;
 - (g) simple operations such removal of dust, sifting or screening, sorting, classifying and matching, including the making up of sets, goods, greasing, washing, painting or cutting up.
- 5. Slaughter of animals.
 - 6. Any process or work in respect of which it may be demonstrated, on the basis of the preponderance of evidence that the sole objective was to circumvent these rules.
 - 7. A combination of two or more insufficient working or processing operations does not confer origin, regardless of whether the product-specific rules of origin have been satisfied or not.
 - 8. All the operations carried out in the Member States on a given product shall be considered together when determining whether they are to be regarded as insufficient within the meaning of this Rule.

RULE 4
GOODS WHOLLY PRODUCED IN THE MEMBER STATES

- 1. For the purposes of paragraph 1(a) of Rule 2 of this Annex, the following shall be regarded as wholly produced in the Member States:
 - (a) Mineral products extracted from their ground or seabed;
 - (b) Vegetable products harvested there;
 - (c) Live animals born and raised there;
 - (d) Products obtained there from live animals;
 - (e) Products obtained by hunting or fishing conducted there;
 - (f) Products of sea fishing and other products taken from the sea by their vessels;
 - (g) Products made on board their factory ships exclusively from products referred to in sub-paragraph (f);
 - (h) Used articles collected there fit only for the recovery of raw materials;
 - (i) Waste and scrap resulting from manufacturing operations conducted there;
 - (j) Products produced there exclusively from one or both of the following:
 - (i) products specified in sub-paragraphs (a) to (i);
 - (ii) materials containing no element imported from outside the Member States or of undetermined origin.
- 2. In determining the place of production of marine, river, or lake products and goods in relation to a Member State, a vessel of a Member State shall be regarded as part of the territory of that Member State. In determining the place from which goods originated, marine, river or lake products taken from the sea, river or lake or goods produced there from at sea or on a river or

lake shall be regarded as having their origin in the territory of a Member State and have been brought directly to the territory of the Member State.

3. For the purpose of this Annex, a vessel shall be regarded as a vessel of a Member State if it is registered in a Member State and satisfies one of the following conditions:
 - (a) The vessel sails under the flag of a Member State;
 - (b) At least 75 percent of the officers and crew of the vessel are nationals of a Member State;
 - (c) At least the majority control and equity holding in respect of the vessel are held by nationals of a Member State or institution, agency, enterprise or corporation of the Government of such Member State.
4. Electrical power, fuel, plant machinery and tools used in the production of goods shall always be regarded as wholly produced within the Region when determining the origin of the goods.

RULE 5

UNIT OF QUALIFICATION

1. Each item in a consignment shall be considered separately.
2. Notwithstanding the provisions of paragraph 1 of this Rule:
 - (a) Where the Harmonised System specifies that a group, set or assembly of article is to be classified within a single heading, such a group, set or assembly shall be treated as one article;
 - (b) Tools, parts and accessories which are imported with an article, and the price of which is included in that of the article or for which no separate charge is made, shall be considered as forming a whole with the article, provided that they constitute the standard equipment customarily included in the sale of articles of that kind;
 - (c) Notwithstanding the provisions of sub-paragraphs (a) and (b) of this paragraph, goods shall be treated as a single article if they are so treated for purposes of assessing Customs duties on like articles by the importing Member State.
3. An un-assembled or dis-assembled article which is imported in more than one consignment because it is not feasible for transport or production reasons to import it in a single consignment, shall be treated as one article.

RULE 6

SEPARATION OF MATERIALS

1. For those products or industries where it would be impracticable for the producers to separate physically materials of similar character but different origin used in the production of goods, such separation may be replaced by an appropriate accounting system which ensures that no more goods are deemed to originate in the Member State than would have been the case if the producer had been able to physically separate the materials.
2. Any accounting system shall conform to such conditions as may be agreed upon by the CMT in order to ensure that adequate control measures shall be applied.

RULE 7
TREATMENT OF MIXTURES

1. In the case of mixtures, not being groups, sets or assemblies of goods dealt with under Rule 5, any product resulting from the mixing together of goods originating in the Member States with goods which would not qualify as originating in the Member States, would not qualify as originating if the characteristics of the product as a whole are not different from the characteristics of the goods which have been mixed.
2. In the case of particular products where it is recognised by the CMT to be desirable to permit mixing of the kind described in paragraph 1 of this Rule, such products shall be accepted as originating in the Member States in respect of such part thereof as may be shown to correspond to the quantity of goods or originating in the Member States used in the mixing, subject to such conditions as may be agreed by the CMT.

RULE 8
TREATMENT OF PACKING

1. Where for purposes of assessing Customs duties, a Member State treats the origin of the goods separately from the origin of the packing, it may also, in respect of its imports consigned from another Member State, determine separately the origin of such packing.
2. Where paragraph 1 of this Rule is not applicable, packing shall be considered as forming a whole with the goods and no part of any packing required for their transport or storage shall be considered as having been imported from outside the Member States when determining the origin of the goods as a whole
3. For the purposes of paragraph 2 of this Rule, packing with goods which are ordinarily sold at retail shall not be regarded as packing required for the transport or storage of goods.
4. Containers which are purely for the transport and temporary storage of goods and are to be returned shall not be subject to Customs duties and other charges of equivalent effect. Where containers are not to be returned, they shall be treated separately from the goods contained in them and be subjected to Customs duties and other charges of equivalent effect.

RULE 9
DOCUMENTARY EVIDENCE

1. The claim that goods shall be accepted as originating from a Member State in accordance with the provision of this Annex shall be supported by a certificate given by the exporter or their authorized representative in the form prescribed in Appendix II of this Annex. The certificate shall be authenticated with a seal by an authority designated for this purpose by each Member State.
2. Every producer, where such producer is not the exporter, shall, in respect of goods intended for export, furnish the exporter with a written declaration in conformity with Appendix III of this Annex to the effect that the goods qualify as originating in the Member State under the provisions of Rule 2 of this Annex.
3. The competent authority designated by an importing Member State may in exceptional circumstances and notwithstanding the presentation of a certificate issued in accordance with the provisions of this Rule, require, in case of doubt, further verification of the statement contained in the certificate. Member States, through their competent authorities, shall assist

each other in this process. Such further verification should be made within three months of the request being made by a competent authority designated by the importing Member State. The form used for this purpose shall be that contained in Appendix IV to this Annex.

4. The importing Member State shall not prevent the importer from taking delivery of goods solely on the grounds that it requires further evidence, but may require security for any duty or other charge which may be payable: provided that where goods are subject to any prohibitions, the conditions for delivery under security shall not apply.
5. Copies of certificates of origin and other relevant documentary evidence shall be preserved by the appropriate authorities of the Member States for at least five years.
6. All Member States shall deposit with the Secretariat the names of Departments and Agencies authorized to issue the certificates required under this Annex, specimen signatures of officials authorized to sign the certificates and the impressions of the official stamps to be used for that purpose, and those shall be circulated to the Member States by the Secretariat.

RULE 10 INFRINGEMENT AND PENALTIES

1. The Member States undertake to introduce legislation where such legislation does not exist, making such provision as may be necessary for penalties against persons who, in their territories, furnish or cause to be furnished documents which are untrue in any material sense, particularly in support of a claim in another Member State.
2. Any Member State to which an untrue claim is made in respect of the origin of goods shall immediately bring the issue to the attention of the exporting Member State from which the untrue claim is made, in accordance with the provisions on mutual assistance and co-operation in customs matters as contained in Appendix I of Annex II of this Protocol.
3. Continued infringement by a Member State of the provisions of this Annex may be dealt with in accordance with the provisions of Annex VI of this Protocol.

RULE 11 DEROGATIONS

1. Notwithstanding the provisions of Rules 2 and 3 of this Annex, derogations may be granted by the CMT where the development of existing industries or the creation of new industries is justified.
2. The Member State shall make the request for a derogation for existing or new industries to the CMT.
3. In order to facilitate the examination of the request for derogation, the Member State making the request shall provide the CMT with the fullest possible information as to the reason for the request.
4. The CMT shall respond to each Member State's request which is duly justified and in conformity with this Rule, provided no serious injury is caused to any established industry within the Region.
5. The CMT shall take steps necessary to ensure that a decision is reached as soon as possible and in any case not later than 90 working days after the request is received.
6. The derogation shall be valid for a specific period to be determined by the CMT.

RULE 12
REGULATIONS

The CMT shall adopt regulations to facilitate the implementation of this Annex.

APPENDIX I TO ANNEX I

INTRODUCTORY NOTES TO THE LIST OF CONDITIONS REGARDING WORKING OR PROCESSING CARRIED OUT ON NON-ORIGINATING MATERIALS THAT CONFERS ORIGINATING STATUS

Note 1:

The list sets out the conditions required for all products to be considered as sufficiently worked or processed within the meaning of paragraph 2 of Rule 2 of Annex 1 of this Protocol.

Note 2:

2.1: The first two columns in the list describe the product obtained. The first column gives the heading number or chapter number used in the Harmonised System and the second column gives the description of goods used in that System for that heading or chapter. For each entry in the first two columns a rule is specified in column 3. Where, in some cases, the entry in the first column is preceded by an "ex", this signifies that the rules in column 3 apply only to the part of that heading as described in column 2. Optional rules in column 4 only apply to textile and clothing products of HS chapters 50 to 63 exported by MMTZ to SACU under the quota system.

2.2: Where several heading numbers are grouped together in column 1 or a chapter number is given and the description of products in column 2 is therefore given in general terms, the adjacent rules in columns 3 or 4 apply to all products which, under the Harmonised System, are classified in headings of the chapter or in any of the headings grouped together in column 1.

2.3: Where there are different rules in the list applying to different products within a heading, each indent contains the description of that part of the heading covered by the adjacent rules in columns 3 or 4.

Note 3:

3.1: The provisions of Rule 2 of Annex 1 of this Protocol concerning products having acquired originating status which are used in the manufacture of other products apply regardless of whether this status has been acquired inside the factory where these products are used or in another factory in the Region.

For example*, an engine of heading No 8407, for which the rule may state that the value of non-originating materials which may be incorporated may not exceed a certain percentage of the ex-works price, is made from 'other alloy steel roughly shaped by forging' of heading No ex 7224.

If this forging has been forged in the Region from a non-originating ingot, it has already acquired originating status by virtue of the rule applicable to products of HS chapter 72 in the list. The forging can then count as originating in the value calculation for the engine regardless of whether it was produced in the same factory or in another factory in the Region. The value of the non-originating ingot is thus not taken into account when adding up the value of the non-originating materials used.

3.2: The rule in the list represents the minimum amount of working or processing required and the carrying out of more working or processing also confers originating status; conversely, the carrying out of less working or processing cannot confer originating status. Thus if a rule provides that non-originating material at a certain level of manufacture may be used, the use of such material at an earlier stage of manufacture is allowed and the use of such material at a later stage is not.

* This example is given for the purpose of explanation only. It is not legally binding.

3.3: When a rule in the list specifies that a product may be manufactured from more than one material, this means that any one or more materials may be used. It does not require that all be used.

For example*, the rule for fabrics of heading Nos 5208 to 5212 provides that natural fibres may be used and that chemical material, among other materials, may also be used. This does not mean that both have to be used; it is possible to use one or the other or both.

3.4: Where a rule in the list specifies that a product must be manufactured from a particular material, the condition obviously does not prevent the use of other materials which, because of their inherent nature, cannot satisfy the rule. (See also Note 6.2 below in relation to textiles).

For example*, in the case of an article of apparel of ex chapter 62 made from non-woven materials, if the use of only non-originating yarn is allowed for this class of article, it is not possible to start from non-woven cloth, even if non-woven cloths cannot normally be made from yarn. In such cases, the starting material would normally be at the stage before yarn, that is the fibre stage.

Note 4:

4.1: The term "natural fibres" is used in the list to refer to fibres other than artificial or synthetic fibres. It is restricted to the stages before spinning takes place, including waste, and, unless otherwise specified, includes fibres that have been carded, combed or otherwise processed but not spun.

4.2: The term "natural fibres" includes horsehair of heading No 0503, silk of heading Nos. 5002 and 5003 as well as the wool fibres, fine or coarse animal hair of heading Nos. 5101 to 5105, the cotton fibres of heading Nos. 5201 to 5203 and the other vegetable fibres of heading Nos. 5301 to 5305.

4.3: The terms "textile pulp", "chemical materials" and "paper-making materials" are used in the list to describe the materials not classified in Chapters 50 to 63, which can be used to manufacture artificial, synthetic or paper fibres or yarns.

4.4: The term "man-made staple fibres" is used in the list to refer to synthetic or artificial filament tow, staple fibres or waste, of heading Nos. 5501 to 5507.

Note 5:

5.1: The conditions set out in column 3 or 4 shall not be applied to any basic textile materials, used in the manufacture of this product, which, taken together, represent 10 per cent or less of the total weight of all the basic textile materials used. (See also Notes 5.3 and 5.4 below).

5.2: However, the tolerance mentioned in Note 5.1 may only be applied to mixed products which have been made from two or more basic textile materials.

The following are the basic textile materials:

- silk,
- wool,
- coarse animal hair,
- fine animal hair,
- horsehair,
- cotton,
- paper-making materials and paper,
- flax,

* These examples are given for the purpose of explanation only. It is not legally binding.

- true hemp,
- jute and other textile bast fibres,
- sisal and other textile fibres of the genus Agave,
- coconut, abaca, ramie and other vegetable textile fibres,
- synthetic man-made filaments, artificial man-made filaments,
- synthetic man-made staple fibres of polypropylene,
- synthetic man-made staple fibres of polyester,
- synthetic man-made staple fibres of polyamide,
- synthetic man-made staple fibres of polyacrylonitrile,
- synthetic man-made staple fibres of polyamide,
- synthetic man-made staple fibres of polytetrafluoroethylene,
- synthetic man-made staple fibres of polyphenylene sulphide,
- synthetic man-made staple fibres of polyvinyl chloride,
- other synthetic man-made staple fibres,
- artificial man-made staple fibres of viscose,
- other artificial man-made staple fibres,
- yarn made of polyurethane segmented with flexible segments of polyether whether or not gimped,
- yarn made of polyurethane segmented with flexible segments of polyester whether or not gimped,
- products of heading No 5605 (metallised yarn) incorporating strip consisting of a core of aluminium foil or of a core of plastic film whether or not coated with aluminium powder, of a width not exceeding 5 mm, sandwiched by means of a transparent or coloured adhesive between two layers of plastic film,
- other products of heading No 5605.

For example*, a yarn of heading No 5205 made from cotton fibres of heading No 5203 and synthetic staple fibres of heading No 5506 is a mixed yarn. Therefore, non-originating synthetic staple fibres that do not satisfy the origin rules (which may require manufacture from chemical materials or textile pulp) may be used up to a weight of ten per cent of the yarn.

For example•, a woollen fabric of heading No 5112 made from woollen yarn of heading No 5107 and synthetic yarn of staple fibres of heading No 5509 is a mixed fabric. Therefore, synthetic yarn which does not satisfy the origin rules (which may require manufacture from chemical materials or textile pulp) or woollen yarn that does not satisfy the origin rules (which require manufacture from natural fibres, not carded or combed or other otherwise prepared for spinning) or a combination of the two may be used provided their total weight does not exceed ten per cent of the weight of the fabric.

For example•, tufted textile fabric of heading No 5802 made from cotton yarn of heading No 5205 and cotton fabric of heading No 5210 is only a mixed product if the cotton fabric is itself a mixed fabric being made from yarns classified in two separate headings or if the cotton yarn used are themselves mixtures.

For example•, if the tufted fabric concerned has been made from cotton yarn of heading No 5205 and synthetic fabric of heading No 5407, then, obviously, the yarns used are two separate basic textile materials and the tufted textile fabric is accordingly a mixed product.

5.3: In case of products incorporating "yarn made of polyurethane segmented with flexible segments of polyether whether or not gimped" this tolerance is 20 per cent in respect of this yarn.

5.4: In the case of products incorporating "strip consisting of a core of aluminium foil or of a core of plastic film whether or not coated with aluminium powder, of a width not exceeding 5 mm,

* These examples are given for the purpose of explanation only. It is not legally binding.

sandwiched by means of an adhesive between two layers of plastic film", this tolerance is 30 per cent in respect of this strip.

Note 6:

6.1: Textile materials, with the exception of linings and interlinings, which do not satisfy the rule set out in the list in column 3 or 4 for the made-up product concerned may be used provided that they are classified in a heading other than that of the product and that their value does not exceed 8 per cent of the ex-works price of the product.

6.2: Without prejudice to Note 6.3, materials which are not classified within Chapters 50 to 63 may be used freely in the manufacture of textile products, whether or not they contain textiles.

For example*, if a rule in the list provides that for particular textile items yarn must be used, this does not prevent the use of metal items, such as buttons, because buttons are not classified within chapters 50 to 63. For the same reason, it does not prevent the use of slide-fasteners, even though slide-fasteners normally contain textiles.

6.3: Where a percentage rule applies, the value of materials which are not classified within Chapters 50 to 63 must be taken into account when calculating the value of the non-originating materials incorporated.

Note 7:

CHEMICAL PROCESSING RULES TO CONFER ORIGINATING STATUS

Section VI

Products of the Chemical or Allied Industries (Chapter 28-38)

Notes to Section VI:

Note 1

7.1: Rules 1 through 7 of this Section confer origin to a good of any chapter or heading in this Section, except as otherwise specified in those rules.

Note 2

7.2: Notwithstanding Note 1, a good is originating if it meets the applicable change in tariff classification or the percentage value content of non-originating material specified in Appendix I of Annex I of the Protocol on trade.

Rule 1: Chemical Reaction Origin

7.3: For a good of Chapters 28 through 38, which is subject to a chemical reaction, shall be treated as an originating good if the chemical reaction occurred in the territory of one or more of the Parties.

7.4: Note: For purposes of this section, a "chemical reaction" is a process (including a biochemical process) that results in a molecule with a new structure by breaking intramolecular bonds and by forming new intramolecular bonds, or by altering the spatial arrangement of atoms in a molecule.

* This example is given for the purpose of explanation only. It is not legally binding.

7.5: The following are not considered to be chemical reactions for the purposes of determining whether a product is an originating good:

- (a) dissolution in water or in other solvents;
- (b) the elimination of solvents including solvent water; or
- (c) the addition or elimination of water of crystallization.

Rule 2: Purification Origin

7.6: For a good of chapters 28 through 38, a good that is subject to purification shall be treated as originating provided that one of the following occurs in the territory of one or more of the Parties:

- (a) Purification of a good resulting in the elimination of 80 percent of the content of existing impurities; or
- (b) The reduction or elimination of impurities resulting in a good suitable for one or more of the following applications:
 - (i) Pharmaceutical, medicinal, cosmetic, veterinary, or food grade substances;
 - (ii) Chemical products and reagents for analytical, diagnostic or laboratory uses;
 - (iii) Elements and components for use in micro-elements;
 - (iv) Specialized optical uses;
 - (v) Non toxic uses for health and safety;
 - (vi) Biotechnical use;
 - (vii) Carriers used in a separation process; or
 - (viii) Nuclear grade uses.

Rule 3: Mixtures and Blends

7.7: A good of chapters 30, 31, 33 through 38 except for heading 38.08, shall be treated as originating if the deliberate and proportionally controlled mixing or blending (including dispersing) of materials to conform to predetermined specifications which results in the production of a good having physical or chemical characteristics which are relevant to the purposes or uses of the good and are different from the input materials, occurs in the territory of one or more of the Parties.

Rule 4: Change in Particle Size

7.8: A good of chapters 30, 31, and 33, shall be treated as originating if the following occurs in the territory of one or more of the Parties: the deliberate and controlled modification in particle size of a good, including micronizing by dissolving a polymer and subsequent precipitation, other than by merely crushing or pressing, resulting in a good having a defined particle size, defined particle size distribution or defined surface area, which is relevant to the purposes of the resulting good and have different physical or chemical characteristics from the input materials is considered to be origin conferring.

Rule 5: Standards Materials

7.9: A good of chapters 28 through 38, shall be treated as originating if the production of these materials occurs in the territory of one or more of the Parties.

7.10: For the purposes of this rule "standards materials" (including standard solutions) are preparations suitable for analytical, calibrating or referencing uses and having precise degrees of purity or proportions, which are certified by the manufacturer.

Rule 6: Isomer Separation

7.11: A good of chapters 28 through 38, shall be treated as originating if the isolation or separation of isomers from mixtures of isomers occurs in the territory of one or more of the Parties.

Rule 7: Separation Prohibition

7.12: A good that undergoes a change from one classification to another in the territory of one or more of the Parties as a result of the separation of one or more materials from a man-made mixture shall not be treated as originating unless the isolated material underwent a chemical reaction in the territory of one or more of the Parties.

Note 8:

In Chapter 87

8.1 In the case of Road tractors for semi-trailers of a vehicle mass not exceeding 1600 kg (subheading ex 8701.20); Motor vehicles for the transport of ten or more persons, including the driver, of a vehicle mass not exceeding 2000 kg (subheadings ex 8702.10 and ex 8702.90); Motor cars and other motor vehicles principally designed for the transport of persons (excluding those of heading No. 8702) including station wagons and racing cars (heading 8703); Other motor vehicles for the transport of goods of a vehicle mass not exceeding 2000 kg or a G.V.M. not exceeding 3500 kg or of a mass not exceeding 1600 kg or a G.V.M. not exceeding 3500 kg per chassis fitted with a cab (subheadings ex 8704.21, ex 8704.31 and ex 8704.90); Bodies (including cabs), for the motor vehicles of heading No. 8701 to 8705 (heading 8707); **manufacture or assembly** of the vehicle or body entails that the floor panels, body sides and roof panels must be attached to each other and the engine, transmission, axles, radiators, suspension components, steering mechanisms, braking or electrical equipment or instrumentation must be fitted to the floor panels or chassis frame of the vehicle.

APPENDIX V TO ANNEX I

REGULATION ON THE TARIFF QUOTAS, TIME PERIODS AND ARRANGEMENTS FOR THE ADMINISTRATION AND ENFORCEMENT IN RESPECT OF PRODUCTS OF HS CHAPTERS 50 TO 63 EXPORTED TO SACU BY MMTZ MEMBER STATES

Article 1

DEFINITIONS

In this Regulation, an expression that has been defined in this Protocol has that meaning.

Article 2

SCOPE

The provisions of this regulation shall apply to products of HS chapters 50 to 63 exported to SACU by MMTZ Member States, which comply with the set of rules of origin set out in column (4) of the list in Appendix I to Annex I of this Protocol. Such products shall be admitted free of duty into SACU, subject to the annual tariff quotas set out in Part 1 of this Regulation.

Article 3

REGISTRATION AS CERTIFIED EXPORTER

1. A manufacturer in MMTZ Member State, who wishes to export goods to SACU under this Regulation, shall apply to the competent authority of MMTZ Member State for registration as a certified exporter. The competent authority of MMTZ Member State shall notify the SACU central coordinating authority, in writing, of the details of any manufacturer registered as certified exporter by it, within seven working days after such registration.
2. Only certified exporters, registered in accordance with the provisions of paragraph 1 of this Article, shall qualify for duty-free treatment, in accordance with the provisions of Article 2 of this Regulation.

Article 4

ALLOCATION OF TARIFF QUOTAS

1. The competent authority of each MMTZ Member State shall be responsible for the allocation and management of the tariff quotas allocated to such Member State in terms of Part 1 of this Regulation. Tariff quotas shall be allocated, at least, at the four-digit level of the HS.
2. the competent authorities of the MMTZ Member States shall notify the SACU central coordinating authority in writing of the tariff quota allocations made by them and of any adjustments to such allocations, within seven working days after such allocations or adjustments have been made and the SACU central coordinating authority shall, within one working day after receipt of such written notice, advise all SACU customs authorities accordingly.

Article 5

EXPORT PROCEDURES

1. Any products which are exported from MMTZ Member States to a SACU Member State shall:

- (a) be consigned directly from the premises of a certified exporter to a consignee in a SACU Member State; and
 - (b) be covered by an export certificate in the form prescribed in Part 2 of this Regulation.
- 2. Notwithstanding the provisions of Rule 9(1) of Annex I of this Protocol, a certificate of origin is not required to be submitted in respect of products which are covered by an export certificate as contemplated in paragraph 1(b) of this Article.
- 3. The provisions of Rule 9(3) and (4) of Annex I of this Protocol shall apply *mutates mutandis* in respect of any verification required by an importing SACU Member State concerning any statement in MMTZ export certificate.
- 4. An issuing authority of MMTZ Member State shall, upon certification of an export certificate, transmit a copy of such export certificate to the SACU central coordinating authority by facsimile transmission within one working day of such certification. The SACU central coordinating authority shall confirm receipt of such faxed copy within one working day of receipt. The SACU central coordinating authority shall transmit a copy of such export certificate by facsimile transmission to the customs authority at the port of entry of the importing SACU Member State, which is indicated on such export certificate, within one working day after receipt of such certificate.
- 5. Upon presentation of an original export certificate, the customs authority of the importing SACU Member State shall compare such original certificate with the copy of such certificate received by it in terms of paragraph 4 of this Article.
- 6. Upon clearance of a consignment of products, the customs authority of the importing SACU Member State shall transmit, by registered post, the original export certificate to the SACU central coordinating authority within one working day after the clearance of such products. The SACU central coordinating authority shall deduct the quantities which appear on an export certificate from the tariff quotas of the MMTZ Member State from whose territory such products were consigned and shall notify all SACU customs authorities accordingly.
- 7. The issuing authorities of the MMTZ Member States shall notify the SACU central coordinating authority in writing of the cancellation of any export certificate issued by them, within seven working days after such cancellation has been made and the SACU central coordinating authority shall, within one working day after receipt of such written notice, advise all SACU customs authorities accordingly.
- 8. The relevant MMTZ and SACU authorities shall fully cooperate and resolve any issues arising from the administration of the quota system in an amicable way and with a view to ensuring the smooth implementation of the quota system.
- 9. For the purpose of this Article, products shall be deemed to be consigned from MMTZ Member States on the date on which the export certificate, under which such products are exported to SACU, has been certified by MMTZ issuing authority, provided such goods are exported not later than 20 working days after the date of certification.

Article 6 **REVIEW**

- 1. A comprehensive review of this Regulation shall be carried out in January 2003 and shall include, among others, adjustment of quota levels and transferability of quotas between Member States.
- 2. The review of quotas levels shall thereafter be carried out annually.

Article 7

TEXTILE AND CLOTHING COMMITTEE

1. A Textile and Clothing Committee (hereinafter referred to as the "TCC") is hereby established. The TCC shall consist of representatives from all Member States and shall meet at least twice a year.
2. The functions of the TCC shall include:
 - (a) monitoring the allocation of tariff quotas contemplated in Article 4 of this Regulation;
 - (b) monitoring the operation of and compliance with the export procedures contemplated in Article 5 of this Regulation;
 - (c) undertaking the review contemplated in Article 6 of this Regulation;
 - (d) generally reviewing the implementation of this Regulation; and
 - (e) performing such other functions as may be determined by the CMT.
3. The TCC shall develop its own rules of procedure.

Article 8

COMPETENT AND ISSUING AUTHORITIES AND SACU CENTRAL COORDINATING AUTHORITY

1. For the purposes of the implementation of this Regulation, MMTZ Member States shall be notified of the particulars of the SACU central coordinating authority, within ten working days of the implementation of this Regulation.
2. MMTZ Member States shall notify the SACU central coordinating authority, within ten working days of being notified as provided for in paragraph 1 of this Article, of the particulars of their competent authorities and of their issuing authorities. Any change in the particulars of such authorities shall be notified to the SACU central coordinating authority at least twenty working days prior to such intended change.

Article 9

DURATION

This Regulation shall enter into force on 1st August 2001 and shall remain in force for 5 years until 31st July 2006.

 - in the case of HS chapter 63, to products of HS headings 6302 to 6308 and 6301.4000 for Zambia.
5. No preferences shall be extended to products of HS chapters 50 to 63 unless tariff quotas are provided for such products in the above table.

ANNEX II

CONCERNING CUSTOMS CO-OPERATION WITHIN THE SOUTHERN AFRICAN DEVELOPMENT COMMUNITY

PREAMBLE

The High Contracting Parties

NOTING that divergences between national Customs laws and procedures can hamper intra-SADC trade and other intra-SADC exchanges;

MINDFUL of the need to promote trade and foster co-operation among Member States;

CONSIDERING that simplification and harmonisation of Customs laws and procedures can effectively contribute to the development of intra-SADC trade and other intra-SADC exchange;

CONVINCED that implementation of the provisions of the present Annex would lead progressively to a high degree of simplification and harmonisation of Customs procedures which is the objective of Article 13 of the Trade Protocol;

HEREBY AGREE as follows;

ARTICLE 1 DEFINITIONS

"Customs Authorities"	means the administrative authority responsible for administering Customs Laws;
"Customs Legislation"	means legal instruments adopted by the Member States and governing the import, export, transit of goods and their placing under any Customs procedure, including measures of prohibition, restrictions and control;
"Customs offence"	means any breach or attempted breach of Customs Law;
"Customs territory"	means the territory in which the Customs Laws of a Member State applies in full;
"Goods declaration"	means a statement made in the form prescribed by the Customs Authorities by which the persons interested indicates the procedure to be applied to the goods and furnish the particulars which the Customs Authorities require to be declared for the application of that procedure;
"Harmonised system"	means the Harmonised Commodity Description and Coding System established by the International Convention on the Harmonised Commodity Description and Coding System of the World Customs Organisation;
"Sub-committee"	means the Customs Co-operation Sub-Committee established under Article 11 of this Annex;
"Temporary Admission"	means Customs procedures under which certain goods (including means of transport) can be brought into a Customs

territory conditionally relieved from payment of import duties and taxes and without application of import prohibitions or restrictions of economic character: such goods (including means of transport) must be imported for a specific purpose and must be intended for re-exportation within a specified period and without having undergone any change except normal depreciation due to the use made of them.

ARTICLE 2 **OBJECTIVES AND SCOPE**

1. The objective of this Annex is to simplify and harmonise Customs laws and procedures by:
 - a) providing for common measures with which Member States shall undertake to comply in the formulation of their Customs laws and procedures;
 - b) establishing appropriate institutional arrangements at regional and national levels;
 - c) co-operating to prevent fraud and illicit trade.
2. The provisions of this Annex do not apply to areas of Customs co-operation which are covered specifically by Annexes I and IV of this Protocol.
3. Co-operation in Customs matters shall apply to any administrative authority of Member States which is competent for matters covered by Customs legislation. This co-operation shall be channelled through the Customs Authorities of Member States.

ARTICLE 3 **HARMONISATION OF CUSTOMS TARIFF NOMENCLATURES AND STATISTICAL NOMENCLATURES**

1. Subject to the exceptions enumerated in paragraph 4:
 - a) Each Member State undertakes, except as provided in sub-paragraph (c) of this paragraph, to adopt Customs tariffs nomenclatures and statistical nomenclatures which are in conformity with the Harmonised System. It thus undertakes that in respect of its Customs tariff and statistical nomenclatures -
 - (i) it shall use all the headings and sub-headings of the Harmonised System without addition or modification, together with their related numerical codes;
 - (ii) it shall apply the general rule for the interpretation of the Harmonised System and all the Section, chapter and sub-heading notes, and shall notify the scope of the sections, chapters, headings or sub-headings of the Harmonised Systems; and
 - (iii) it shall follow the numerical sequence of the Harmonised System;
 - b) Each Member State shall also make publicity available on its import and export trade statistics in conformity with the six-digit codes of the Harmonised System, or at the initiative of the Member State, beyond that level, to the extent that publication is not precluded for exceptional reasons such as commercial confidentiality or national security;

- c) Nothing in this Article shall require a Contracting Party to use the sub-headings of the Harmonised System in its Customs Tariff Nomenclature provided that it meets the obligations at (a)(i) – (iii) above in a combined tariff/statistical nomenclature.
2. In complying with the undertakings at paragraph 1 (a) of this Article, each Member State may make such textual adoptions as may be necessary to give effect to the Harmonised System in its domestic law.
3. Nothing in this Article shall prevent a contracting party from establishing, in its Customs tariff or statistical nomenclatures, sub-divisions classifying goods beyond the level of the Harmonised System, provided that any such sub-division as added and coded at a level beyond that of the six-digit numerical code is as set out in the Harmonised System.
4. CMT may allow exceptions in the application of the provisions of this Article as would be allowed in the application of the provisions of the Harmonised System convention, provided that CMT is satisfied that they would not hinder the comparison of Customs tariffs and trade statistics of Member States.

ARTICLE 4

HARMONISATION OF VALUATION LAWS AND PRACTICE

Member States undertake to adopt a system of valuing goods for Customs purposes based on principles of transparency, equity, uniformity and simplification of application in accordance with the WTO Valuation System.

ARTICLE 5

SIMPLIFICATION AND HARMONISATION OF CUSTOMS PROCEDURES

1. Member States, undertake to incorporate in their Customs Laws, provisions designed to simplify Customs procedures in accordance with internationally accepted standards, recommendations and guidelines particularly those which are contained in the International Instruments of:
 - the World Customs Organisation (WCO);
 - the United Nations Economic Commission for Europe (UN-ECE)
 - the International Maritime Organisation (IMO);
 - the International Civil Aviation Association (ICAO);
 - the International Standards Organisation (ISO);
 - the International Chamber of Commerce (ICC); and
 - the International Air Transport Association (IATA)
2. Member States undertake to adopt in their Customs Laws, common principles for the Customs procedures which, in the opinion of CMT, are particularly important in intra-Community trade including:
 - a) Customs formalities applicable to commercial means of transport;
 - b) clearance for home use;

- c) outright exportation;
 - d) Customs transit;
 - e) drawback;
 - f) temporary admission, subject to re-export in the same Member State;
 - g) temporary admission for inward proceeding;
 - h) free zones;
 - i) postal traffic
3. Member States undertake to develop a single Customs document as support of all Customs procedures, in intra-community trade as well as in trade with third countries.

ARTICLE 6
COMPUTERISATION OF CUSTOMS OPERATIONS

1. Member States shall encourage and facilitate the use of data processing techniques to support Customs operations particularly in the following areas:
- inventory control;
 - accounting for goods;
 - accounting for revenue;
 - goods declaration processing;
 - production of statistics;
 - enforcement.
2. Member States undertake to ensure that their laws cater for computerised Customs procedures as well as manual procedures. In particular, the laws should provide for:
- other information transmission methods as an alternative to paper based documentary requirements, e.g. magnetic media and tele-transmission;
 - other authentication methods as an alternative to hand-written and other paper-based signatures;
 - the definition of relevant terms using internationally accepted definitions which take account of data processing media.
3. The Customs authorities of Member States should review and where appropriate modernise existing manual procedures, documentation and coding practices prior to introducing the use of data processing techniques.
4. Whenever practicable, computer applications implemented by Customs authorities of Member States should use internationally accepted standards, especially those adopted by the World Customs Organisation, the United Nations Economic Commission for Africa and UNCTAD.

5. The Customs authorities of Member States shall consider developing or adopting common Customs application systems. They shall consult with other agencies, national and international, when considering the development or adoption of new systems or the enhancement of existing ones with a view to avoiding duplication of effort where possible.
6. In automating procedures, Customs authorities of Member States shall allow the possibility of interchanging data with trade users by direct link or on machine-readable media according to the technology available.

ARTICLE 7

PRESERVATION, INVESTIGATION AND SUPPRESSION OF CUSTOMS OFFENSES

1. Member States undertake to co-operate in the prevention investigation and suppression of Customs offences.
2. For the purposes of paragraph 1 of this Article, the Member States undertake to:
 - a) exchange lists of goods and publications, the importation of which is prohibited in their respective territories;
 - b) prohibit the exportation of goods and publications referred to in sub-paragraph (a) of this paragraph to each other's Customs territories;
 - c) exchange among themselves lists of Customs offices located along common frontiers, details of the power of such offices, their working hours and any changes in these particulars for the effective operation of the provisions of sub-paragraph (d) of this paragraph;
 - d) consult each other on the establishment of common border posts and take such steps as may be deemed appropriate to ensure that goods exported or imported through common frontiers pass through the competent and recognised Customs office and along approved routes;
 - e) endeavour to correlate the powers and harmonise the working hours for their corresponding Customs office referred to in sub-paragraph (c) of this paragraph; and
 - f) maintain special surveillance over:
 - (i) the entry into, sojourn in, and exit from their Customs territories of particular persons reasonably suspected by a Member State of being involved in activities that are contrary to the Customs Law of any Member State;
 - (ii) the movement of particular goods suspected by any Member State to be the subject of illicit traffic towards the importing Member States;
 - (iii) particular places where stocks of goods have been built up giving reason for suspicion that they may be used for illicit importation into any Member States; and
 - (iv) particular vehicles, ships, aircraft, or other means of transport suspected of being used to commit Customs offences in any Member State.
3. Member States shall exchange:
 - a) as a matter of course and without delay, any information regarding:

- (i) operations which it is suspected will give rise to Customs offences in any Member States;
 - (ii) persons, vehicles, shops, aircraft and other means of transport reasonably suspected of being engaged in activities that may be in violation of the Customs Laws of any Member State;
 - (iii) new techniques of committing Customs offences; and
 - (iv) goods known to be the subject of illicit traffic;
 - b) on the request from a Member State and as promptly as possible, any available information:
 - (i) contained in Customs documents relating to such exchange of goods between countries as are suspected of being in violation of the Customs Law of the requesting Member State;
 - (ii) enabling false declarations to be detected, in particular with respect to dutiable value; and
 - (iii) concerning certificates of origin, invoices or other documents, known to be, or suspected of being, false; and
 - c) on the request and if appropriate in the form of official documents from a Member State, information concerning the following matters;
 - (i) the authenticity of any official document produced in support of goods declaration made to Customs authorities of the requesting Member State;
 - (ii) whether goods which were granted preferential treatment on departure from the territory of the requesting Member State, because they were declared as intended for home use in the other Member State, have been duly cleared for home use in that State;
 - (iii) whether goods imported into the territory of the requesting Member State have been lawfully exported from that of the exporting Member States;
 - (iv) whether goods exported from the territory of the requesting Member State have been lawfully imported into that of the importing Member States and in accordance with the importer's declaration; and
 - (v) special documents which may be issued by the Customs authorities of the exporting Member State for surrender to the Customs authorities of the importing Member State in order that they may certify that the goods were lawfully exported.
4. Each Member State undertakes, whenever expressly requested by another Member State, to:
- a) make enquiries, record statements and obtain evidence concerning a Customs offence under investigation in the requesting Member State and transmit the results of the enquiry as well as any documents or other evidence, to the requesting Member State; and

- b) notify the competent authorities of the requesting Member State of actions and decisions taken by the competent authorities of the Member State where the Customs offence took place in accordance with the law in force in that Member State.
- 5. Member States shall keep information on Customs matters strictly confidential.

ARTICLE 8
CO-OPERATION IN TRAINING

Member States undertake to develop or adopt joint training programmes, exchange staff and share training facilities and resources.

ARTICLE 9
COMMUNICATION OF CUSTOMS INFORMATION

- 1. Member States shall exchange information on matters relating to Customs and more particularly the following:
 - a) changes in Customs legislation, procedures and duties and commodities subject to import or export restrictions;
 - b) information relating to the prevention, investigation and repression of Customs offences; and
 - c) information required to implement and administer the regulations on the determination of originating goods;
 - d) any other information deemed necessary by the Sub-Committee.
- 2. For the purpose of paragraph 1 of this Article, Member States shall adopt loose-leaf editions of national Customs tariff scheduled.

ARTICLE 10
IMPLEMENTATION ARRANGEMENTS

For the effective implementation of the provisions of this Annex, the Member States undertake to:

- a) encourage co-operation between their respective national Customs administration and the Sub-Committee; and
- b) establish joint training facilities and arrangements of programmes for the training of personnel engaged in Customs administration.

ARTICLE 11
SUB-COMMITTEE ON CUSTOMS CO-OPERATION

CMT shall appoint a Sub-Committee on Customs Co-operation whose functions shall include:

- a) all activities relating to Customs co-operation among the Member States as set out in paragraph 1 of Article 2 of this Annex; and

- b) the undertaking of studies and the making of recommendations on the practical aspects of Customs co-operation among the Member States, including those relating to joint training for personnel engaged in Customs administration.

ARTICLE 12
REGULATIONS

CMT shall adopt regulations to facilitate the implementation of this Annex.

APPENDIX 1 TO ANNEX II

REGULATION ON MUTUAL ASSISTANCE AND COOPERATION IN CUSTOMS MATTERS

ARTICLE 1 DEFINITIONS

In this Regulation, an expression that has been defined in this Protocol has that meaning and, unless the context indicates otherwise:

"Personal data" means all information relating to an identified or identifiable person.

"Requested customs authority" means the customs authority of a Member State receiving a request for assistance.

"Requesting customs authority" means the customs authority of a Member State making a request for assistance.

ARTICLE 2 CENTRAL COORDINATING UNITS

1. Each Member State shall appoint in its customs authority a central coordinating unit responsible for:
 - (a) receiving all requests for assistance;
 - (b) coordinating requests for assistance; and
 - (c) maintaining contact with central coordinating units of the other Member States.
2. The activity of the central coordinating units shall not exclude, particularly in an emergency, direct contact or cooperation between customs authorities. For reasons of efficiency and consistency, the central coordinating units shall be informed of any such direct contact or cooperation.
3. If a customs authority is not competent to process a request for assistance, the central coordinating unit shall forward the request to the competent national authority and inform the requesting customs authority that it has done so.

ARTICLE 3 LIAISON OFFICERS

1. Member States may make agreements between themselves on the exchange of liaison officers for limited or unlimited periods.
2. Liaison officers may, subject to the conditions as may be agreed upon under paragraph 3, have the following duties:
3.
 - (a) facilitating the exchange of information between Member States;
 - (b) providing assistance in investigations which relate to the Member State they represent;

- (c) providing support in dealing with requests for assistance;
 - (d) advising and assisting the host Member State in preparing and executing mutual assistance operations; and
 - (e) any other duties which Member States may agree between themselves.
3. Member States may agree bilaterally or multilaterally on the terms of reference and the location of liaison officers. Liaison officers may also represent the interests of one or more Member States.
4. Liaison officers shall have no powers of intervention in the host Member State and shall at all times be able to produce written authority stating their identity and their official functions.

ARTICLE 4 **REQUESTS FOR INFORMATION AND ENQUIRIES**

By agreement between the requesting customs authority and the requested customs authority, officers authorized by the requesting customs authority may, subject to detailed instructions from the requested customs authority –

- (a) obtain information from the offices of the requested customs authority where a request is made for information under Article 7(3)(b) or 7(3)(c) of Annex II of this Protocol; or
- (b) be present at the enquiries where a request is made for enquiries under Article 7(4)(a) of Annex II of this Protocol.

ARTICLE 5 **JOINT OPERATIONS**

1. Customs authorities may engage in mutual assistance operations which may include the holding of joint law enforcement exercises or the establishment of joint special investigation teams.
2. Coordination and planning of such operations shall be the responsibility of the central coordinating units appointed under Article 2.
3. Joint operations shall be subject to the following rules:
- (a) Requests for joint operations shall, as a rule, take the form of requests for assistance as contemplated in Article 7.
 - (b) The requested customs authority shall not be obliged to engage in an operation if the type of operation is not permitted or not provided for under the national law of that Member State.
 - (c) Where officers of a Member State engage in activities in the territory of another Member State and cause damage by their activities, the Member State in whose territory the damage was caused shall make good the damage in the same way as it would have done if the damage had been caused by its own officers. That Member State shall be reimbursed in full by the Member State whose officers have caused the damage for the amounts it has paid to the victims or to other entitled persons or institutions.

- (d) In the course of operations, officers on mission in the territory of another Member State:
 - (i) shall be treated in the same way as officers of that Member State with regard to offences committed against them or by them;
 - (ii) shall be bound by the law of the Member State in whose territory the operation takes place; and
 - (iii) shall not have the right to apprehend persons or seize goods.
- 4. Information obtained by officers during such operations may be used, subject to particular conditions laid down by the customs authority of the Member State in which the information was obtained, as evidence by the customs authority of the Member State receiving the information.

ARTICLE 6 **ORIGIN VERIFICATIONS**

- 1. For purposes of mutual assistance in the verification of the statements contained in certificates of origin contemplated in Annex I of this Protocol, a Member State may:
 - (a) with the assistance and co-operation of, and accompanied by, the customs authority of the exporting Member State, visit the premises of an exporter or a producer in the territory of the exporting Member State; and
 - (b) during such verification visit, inspect the books, documents, records, premises, plant, machinery and processes relating to the goods reflected on the relevant certificate of origin.
- 2. Prior to conducting a verification visit pursuant to paragraph 1, a Member State shall, through its customs authority:
 - (a) request the required assistance and cooperation of the customs authority of the exporting Member State for the proposed verification visit;
 - (b) request the customs authority of the exporting Member State to make the necessary arrangements for the proposed verification visit with the exporter or producer concerned; and
 - (c) request the customs authority of the exporting Member State to obtain the written consent of the exporter or producer whose premises are to be visited.
- 3. A request made pursuant to paragraph 2 shall take the form of a request for assistance as contemplated in Article 7 but shall also include the following information:
 - (a) the name of the exporter or producer whose premises are to be visited;
 - (b) the date and place of the proposed verification visit; and
 - (c) the names of the officials to conduct the proposed verification visit.
- 3. Where an exporter or a producer has not given its written consent to a proposed verification visit within 30 days of receipt of a request made by the customs authority of the exporting Member State pursuant to paragraph 2(c), the importing Member State may deny preferential tariff treatment to the goods that would have been the subject of the verification visit.

4. Where a request is made to a customs authority pursuant to paragraph 2, such customs authority may, within 15 days of receipt of the request, postpone the proposed verification visit for a period not exceeding 60 days. Advice of such postponement and the reasons therefore shall immediately be forwarded to the requesting customs authority.
5. A Member State may require security for any duty or other charge which may be payable where a verification visit is postponed pursuant to paragraph 5.
6. The customs authority of the exporting Member State conducting a verification visit shall provide the exporter or producer whose goods are the subject of the verification with a written origin determination in accordance with its national law.
8. Where a verification indicates that an exporter or a producer made false or unsupported statements or declarations regarding the originating status of such goods, a Member State may withhold preferential tariff treatment to similar or identical goods exported or produced by such exporter or producer.

ARTICLE 7

FORM AND CONTENT OF REQUESTS FOR ASSISTANCE

1. Requests for assistance shall –
 - (a) be made in writing; and
 - (b) include the following information:
 - (i) the requesting customs authority
 - (ii) the measure requested;
 - (iii) the object of, and reason for, the request;
 - (iv) the legal or regulatory provisions and other legal elements involved;
 - (v) indications as exact and comprehensive as possible on the assistance requested; and
 - (vi) a summary of the relevant facts and the enquiries already carried out.
2. If a request does not meet the formal requirements as set out in paragraph 1, the requested customs authority may ask for it to be corrected or completed but may commence with measures necessary to comply with the request in the meantime.

ARTICLE 8

EXECUTION OF REQUESTS

1. In order to comply with a request for assistance, the requested customs authority shall proceed, within the limits of its competence and available resources, as though it was acting on its own account, by supplying information already possessed, by carrying out appropriate enquiries or by arranging for them to be carried out.
2. Requests for assistance shall be executed in accordance with the national law of the requested customs authority.

ARTICLE 9

FORM IN WHICH INFORMATION IS TO BE COMMUNICATED

1. The requested customs authority shall communicate results of requests for assistance to the requesting customs authority in writing, or in electronic format, together with relevant documents, certified copies and other materials.
2. Original files, documents and other materials shall be transmitted only upon request in cases where certified copies would be insufficient.
3. Original files, documents and other materials that have been transmitted shall be returned as soon as possible.

ARTICLE 10

EXCEPTIONS TO THE OBLIGATION TO PROVIDE ASSISTANCE

1. Assistance may be refused or may be subject to certain conditions or requirements, in cases where a Member State is of the opinion that assistance would:
 - (a) be likely to prejudice its sovereignty;
 - (b) be likely to prejudice public policy, security or other essential interests; or
 - (c) violate an industrial, commercial or professional secret.
2. Assistance may be postponed by the requested customs authority on the ground that it will interfere with an ongoing investigation, prosecution or proceeding. In such a case, the requested customs authority shall consult with the requesting customs authority to determine if assistance can be given subject to such terms and conditions as the requested customs authority may require.
3. Where the requested customs authority is not in a position to provide assistance on the grounds contemplated under paragraph 1, it shall inform the requesting customs authority accordingly.

ARTICLE 11

CONFIDENTIALITY OF INFORMATION

1. Any information communicated pursuant to a request for assistance shall be treated as confidential and shall at least be subject to the same protection and confidentiality as the same kind of information is subject to under the national law of the Member State that received it.
2. Paragraph 1 shall not impede the use of information in any judicial or administrative proceedings subsequently instituted for failure to comply with customs legislation.
3. Personal data may be exchanged only where the Member State which may receive it undertakes to protect such data in at least an equivalent way as the Member State that may supply it. To this end, the Member States shall communicate to each other information on their applicable rules and legal provisions relating to the treatment of personal data.

ARTICLE 12
EXPERTS AND WITNESSES

An official of a requested customs authority may be authorized to appear, within the limitations of the authorization granted, as an expert or witness in judicial or administrative proceedings regarding the matters covered by or referred to in this Regulation, and produce such objects, documents or certified copies thereof, as may be needed for the proceedings. The request for appearance must indicate specifically before which judicial or administrative authority the official will have to appear, on what matters and by virtue of what title or qualification the official will be questioned.

ARTICLE 13
ASSISTANCE EXPENSES

1. The Member States shall waive all claims on each other for the reimbursement of expenses incurred pursuant to a request for assistance
2. Notwithstanding the provisions of paragraph 1, the customs authorities involved may consult to determine the terms and conditions under which a request shall be executed as well as the manner in which the costs shall be borne:
 - (a) if expenses of a substantial and extraordinary nature are, or will be, required to execute the request, or
 - (b) for expenses to experts and witnesses, and those to interpreters and translators who are not public service employees.

ARTICLE 14
IMPLEMENTATION

1. The Sub-Committee on Customs Cooperation shall ensure the satisfactory implementation of this Regulation.
2. Any matter related to the interpretation or implementation of this Regulation shall be referred to the Sub-Committee on Customs Cooperation.

ARTICLE 15
FINAL PROVISIONS

Each Member State may enact, where appropriate, such legislative measures as may be necessary to give effect to the provisions of this Regulation and shall inform the Secretariat accordingly.

ANNEX III

CONCERNING SIMPLIFICATION AND HARMONISATION OF TRADE DOCUMENTATION AND PROCEDURES

PREAMBLE

The High Contracting Parties

RECALLING the provisions of Article 14 of this Trade Protocol which requires the simplification and harmonisation of trade documentation and procedures;

RECOGNISING that cumbersome trade documentation and procedures can be a barrier to intra-community trade in goods and services;

AWARE of the need to adopt internationally accepted standards and guidelines for facilitating trade documentation and procedures;

HEREBY AGREE as follows,

ARTICLE 1 DEFINITIONS

"Document"	means paper and or other medium designed to carry and actually carrying data or information, and includes magnetic tapes and risks, and microfilm;
"Trade facilitation"	means the coordination and rationalisation of trade procedures and documents relating to the movement of goods in international trade from the place of consignment to the destination;
"Trade procedures"	means activities relating to the collection, presentation, processing and dissemination of data and information concerning all activities constituting international trade;

ARTICLE 2 OBJECTIVE

The objective of this Annex is to promote co-operation among Member States in simplifying and harmonising trade documentation and procedures for the purpose of facilitating intra-SADC trade.

ARTICLE 3 REDUCTION OF COSTS OF TRADE DOCUMENTATION

Member States undertake to reduce the cost of all trade documentation and procedures by:

- a) aligning intra-SADC and international trade documentation on the United Nations Layout Key;
- b) reducing to a minimum the number of national documents and copies required for intra-community and international trade transactions;

- c) harmonising the nature of the information to be contained in documents referred to in sub-paragraph (a) of this paragraph;
- d) reducing to a minimum the number of institutions required to handle documents referred to in sub-paragraph (a) of this paragraph;
- e) centralising to the extent possible the issuing and processing of documents required for intra-SADC and international trade.

ARTICLE 4

STANDARDISATION OF TRADE DOCUMENTS AND INFORMATION

1. Member States undertake to use internationally accepted standards, practices and guidelines, as a basis for designing, and standardising their trade documents and the information required to be contained in such documents.
2. Member States undertake to encourage and facilitate the use of data processing techniques in processing and transmitting trade data between the various parties and authorities involved in intra-SADC and international trade.
3. Member States shall review national legislation with a view to ensuring that its provisions allow the implementation of paragraph 2 of this Article. In particular, national legislation shall provide for:
 - a) other information transmission methods as an alternative to paper based documentary requirements e.g. magnetic media and tele-transmission;
 - b) other authentication methods as an alternative to hand-written and other paper-based signatures;
 - c) the definition of relevant terms by using internationally accepted definitions which take account of data processing media;
 - d) the possibility of using public telecommunication infrastructure and of developing and using private telecommunication lines, for trade data transmission;
 - e) provisions concerning documentary evidence appropriate to modern information technology.
4. The Secretariat shall keep Member States informed regarding trade facilitation activities, instruments, recommendations and guidelines of other international organisations, particularly of:
 - a) The UN Economic Commission for Africa (ECA) – Working Party on Trade Procedures;
 - b) The United Nations Conference on Trade and Development (UNCTAD);
 - c) The World Customs Organisation (WCO);
 - d) The International Maritime Organisation (IMO);
 - e) The International Civil Aviation Organisation (ICAO);
 - f) The International Standards Organisation (ISO);

- g) The International Chamber of Commerce (ICC) and the International Bureau of Chamber of Commerce (IBCC);
- h) The International Air Transport Association (IATA);
- i) The International Chamber of Shipping (ICS);
- j) The World Trade Organisation (WTO)

ARTICLE 5
TRADE FACILITATION

Member States undertake to initiate trade facilitation programmes aimed at:

- a) reducing the cost of documents and the volume of paper work required in respect of trade between Member States;
- b) ensuring that the nature and volume of information required in respect of trade within the Community does not adversely affect the economic development of, or trade among, the Member States;
- c) adopting common standards of trade procedures within the Community where international requirements do not suit the conditions prevailing among Member States;
- d) ensuring adequate coordinating between trade and transport facilitation within the Community;
- e) keeping under review the procedures adopted in international trade and transport with a view to simplifying and adopting for use by Member States;
- f) collecting and disseminating information on international development regarding trade facilitation;
- g) promoting the development and adoption of common solutions to problems in trade facilitation among Member States; and
- h) initiating and promoting the establishment of joint programmes, for the training of personnel engaged in trade facilitation among Member States.

ARTICLE 6
SUB-COMMITTEE ON TRADE FACILITATION

CMT shall appoint a Sub-Committee on Trade Facilitation which shall be responsible for the implementation of the provisions of this Annex, as provided for under Article 31(2)(c) of the Trade Protocol. It shall address matters of trade documentation and procedures, particularly those relating to:

- a) exportation and importation;
- b) export and import licensing;
- c) insurance of goods;
- d) transit operations;

- e) international transport and licensing of carriers; and
- f) statistical control and dissemination of information on trade documents.

ARTICLE 7
REGULATIONS

CMT shall adopt regulations on Trade Facilitation, for the implementation of the provisions of this Annex.

"Transiter" means the person responsible for the conveyance of goods through the Customs operations;

"Vessel" means any mechanically propelled ship, boat or craft with inboard engine power or any other craft moving through water carrying passengers or cargo.

ARTICLE 2 GENERAL PROVISIONS

1. The Member States undertake to grant all transit traffic freedom to traverse their respective territories by any means of transport suitable for that purpose when coming from:
 - a) or bound for the Member States; or
 - b) third countries and bound for other Member States; or
 - c) other Member States and bound for third countries; or
 - d) third countries and bound for third countries.

2. Member States undertake not to levy any import or export duties on the transit traffic referred to in paragraph 1 of this Article. However, in accordance with paragraph 6 of Article 11 of this Annex, a Member State may levy administrative or service charges.
3. For the purpose of this Annex, the Member States undertake to ensure that there shall be no discrimination in the treatment of persons, mail, merchandise and means of transport coming from or bound to Member States, and that rates and tariffs for the use of their facilities by other Member States shall not be less favourable than those accorded to their own traffic.
4. Notwithstanding the provisions of paragraph 1 of this Article, a Member State may, in conformity with Article 9 of the Trade Protocol, prohibit, restrict or otherwise control the entry of goods and services.

ARTICLE 3 SCOPE OF APPLICATION

1. The provisions of this Annex shall apply to any transiter, mail, means of transport or any shipment of bonded goods in transit between two points either in two different Member States or between a Member State and a third country.
2. The provisions of this Annex shall only apply to transit transport if it is:
 - a) operated by a carrier licensed under the provisions of Article 4 of this Annex;
 - b) performed under the conditions set out in Article 5 of this Annex by means of transport approved by the Customs office of commencement and issue with certificates which shall be in the form set up in Appendix III of this Annex;
 - c) guaranteed by a surety in accordance with the provisions of Article 6 of this Annex; and
 - d) undertake under cover of the SADC transit control document, or any other transit document approved by CMT.
3. The provisions of this Annex shall apply to transit goods being carried by whatever means of transport, except that in the case of air, water and rail transport, the aircraft, vessel or train in transit shall be exempted from the application of the provisions of this Annex. However, the aircraft, vessel or train will be subject to the national laws and regulations of the transit country.
4. The provisions of this Annex shall cease to apply to transit traffic referred to in Article 2 (1) (a) of this Annex when the import duties have been eliminated.

ARTICLE 4 LICENSING OF TRANSITORS AND CARRIERS

1. Any person intending to be engaged in the operation of transit traffic under the provisions of this Annex shall be licensed for that purpose by the customs authorities of the Member State in whose territory he is normally resident or established, and the customs authority shall inform all the other Member States of all the persons so licensed.
2. The conditions for the issuance of the licences referred to in paragraph 1 of this Article to person resident or established in a Member State shall be that:
 - a) the requirements of Article 5 of this Annex have been satisfied; and

- b) the applicant has not during the previous three years been convicted of a serious offence including accepting, receiving or offering bribes, smuggling, theft, destroying documents of evidence, and failing or refusing to give information relating to interstate transportation of goods.
- 3. The conditions for issuance of the licences referred to in paragraph 1 of this Article to applicants who are not resident or established in a Member State shall be determined by each Member State in consultation with other Member States provided that such conditions shall not be more favourable than conditions accorded to persons resident or established in that Member State.
- 4. Licensed carriers and transitors, who are convicted of Customs offences referred to in sub-paragraph (b) of paragraph 2 of this Article or who conceal their record of having been convicted of such offences in order to obtain a licence or who commit such offences after they have been licensed to operate transit traffic, shall have their licences suspended automatically or withdrawn by the issuing customs authorities who shall thereupon notify the Customs authorities of the other Member States and the respective sureties of the action taken.
- 5. For the purpose of sub-paragraph (b) of paragraph 2 of Article 3 of this Annex, means of transport, together with their cargo, shall be presented at the customs offices of commencement for examination to ensure that they comply with the technical conditions stipulated in Appendix II of this Annex before each transit traffic operation is undertaken.

ARTICLE 5

APPROVAL OF MEANS OF TRANSPORT

- 1. The means of transport used in transit traffic trade shall be licensed by the appropriate licensing authorities of the Member States in accordance with their national laws and regulations.
- 2. For the purpose of sub-paragraph (b) of paragraph 2 of Article 3 of this Annex, means of transport, together with their cargo, shall be presented at the Customs offices of commencement for examination to ensure that they comply with the technical conditions stipulated in Appendix II of this Annex before each transit traffic operation is undertaken.

ARTICLE 6

BONDS AND SURETIES

All transit traffic operations shall be covered by a customs transit bond. The principal bond holder shall provide guarantee to cover duty and other taxes payable but excluding penalties, forfeiture or other fines before goods can be released under transit procedure.

ARTICLE 7

SADC TRANSIT DOCUMENTS

- 1. All transit traffic shall be covered by specified documentation and shall be presented to customs offices of commencement, transit and destination. For the purpose of transit declaration, the SADC-CD, transit control form, transit manifest shall be the prescribed documents.
- 2. Subject to conditions and regulations as CMT may deem necessary, each Member State undertakes to authorise a transitor or his authorised agent, to prepare in respect of each

consignment of transit goods SADC-CD, transit control form, and transit manifest in accordance with the rules laid down in Appendix I of this Annex.

3. SADC-CD, transit control form and transit manifest shall conform to the standard form approved by the CMT. SADC-CD, transit control form and transit manifest shall be valid for only transit operation and shall contain a sufficient number of copies for Customs control and discharge required for the transport operation concerned.
4. All means of transport covered by the provisions of this Annex shall be accompanied by relevant SADC-CD, transit control form and transit manifest and such documents shall, on demand, be presented by the carriers, together with the respective means of transport and certificates to the Customs offices en-route and the Customs offices of destination for their appropriate actions.

ARTICLE 8

EXEMPTION FROM CUSTOMS EXAMINATIONS AND CHARGES

1. Provided the provisions of Article 4 and 5 of this Annex are satisfied, goods carried in approved sealed means of transport, sealed packages, or accepted by Customs office of commencement as goods not susceptible to tampering substitution or manipulation, and permitted to be carried unsealed shall not:
 - a) be subject to the payment of import or export duties at Customs office en-route; and
 - b) as a general rule, be subject to Customs examination at such offices.
2. However, in order to prevent abuse, the Customs authorities may, where they suspect an irregularity, carry out at such offices a partial or full examination of the goods.

ARTICLE 9

TRANSIT PROCEDURES

1. Means of transport, together with their cargo, supported by appropriate bonds as necessary shall be presented at the most convenient customs office in the country of commencement for compliance examination before cargo exits the country of commencement, transit offices and other destination offices for examination. The office of commencement shall decide whether means of transport to be used provides enough safeguards to ensure customs security and whether shipment may be made under cover of relevant SADC transit documentation.
2. The transitor or agent shall submit duly completed SADC-CD, transit control form and transit manifest with copies sufficient to cover offices of commencement, transit and destination.
3. Where it is not possible for goods to be transported in sealed means of transport compartments, the Customs authorities at the Customs office of commencement may authorise the transportation in such unsealed means of transport or compartments and under such conditions as they may deem necessary, and endorse the relevant SADC-CD, transit control form and transit manifest accordingly.
4. A means of transport engaged in the transport of goods under the provisions of this Annex shall not at the same time be used to transport passengers unless such passengers and their personal effects are carried in a part of the means of transport which is adequately sealed off to the satisfaction of the Customs authorities of commencement.

5. Nothing may be added or taken from or substituted for goods consigned under cover of a SADC-CD, transit control form and transit manifest at times of off-loading, trans-shipment or collecting.
6. The means of transport, together with the respective SADC-CD, transit control form and transit manifest, shall be presented to the Customs authorities at Customs offices en-route and at Customs offices of destination for such administrative action as may be required under the provisions of this Annex.
7. Except where irregularities are suspected, the Customs offices en-route within the Member States shall respect the seals affixed by the Customs authorities of other Member States. Such Customs authorities may, however, affix additional seals of their own.
8. Occasionally and acting on reasonable grounds to suspect abuse, the Customs authorities may, if they deem it necessary:
 - a) require the means of transport to be escorted through the territory of their country, at the transiter's expense, when goods are transported in unsealed means of transport; or
 - b) require that examination of the means of transport and their loads be carried out en-route in the territory of their country.
9. Any shipment covered by an appropriate SADC- CD, transit control form and transit manifest shall have only one Customs office of destination.
10. If the goods in a means of transport are examined at a Customs office en-route or anywhere in the course of transportation, the Customs authorities concerned shall affix new seals and make a certified declaration of the particulars of irregularities, if any, and of the new seals affixed by them.
11. In the event of an accident or imminent danger necessitating the immediate unloading in whole or part of a means of transport, the carrier may on his own initiative take such steps as may be necessary to ensure the safety of the goods being transported or the means of transport in which they are being transported. The carrier should, however as soon as possible thereafter, inform the nearest Customs office. The carrier shall arrange where appropriate for the goods to be transferred to other means of transport in the presence of Customs authorities concerned or any other designate authority, who shall endorse the SADC-CD, transit control form and the transit manifest with the particulars of the goods transferred to the other means of transport, and where possible apply the Customs seal.
12. On arrival at the Customs office of destination, the SADC Transit Documents shall be discharged without delay. If, however, the goods cannot be immediately entered under another Customs regime, the Customs authorities may reserve the right to discharge the document conditionally upon a new liability being substituted for that of the surety guaranteeing the said document.
13. If seal affixed by Customs authorities are broken en-route otherwise than in the circumstance set out in paragraph 10 of this Article, or if goods are destroyed or damaged without breaking such seals, the procedure laid down in paragraph 11 of this Article shall, without prejudice to the application of the provisions of national laws, be followed and a certified report drawn up in the form set out in Appendix IV of this Annex.
14. When the Customs authorities are satisfied that the goods covered by a SADC-CD, transit control form and transit manifest have been destroyed by force majeure an exemption from payment of the duties shall be granted.

ARTICLE 10
OBLIGATION OF MEMBER STATES AND SURETIES

Subject to the provisions of Article 6 of this Annex, the obligations of Member States and sureties are as follows:

- a) Each Member State undertakes to facilitate the transfer to the other Member States of the funds necessary for payment of premiums or other charges claimed from sureties under the provisions of this Annex, or for payments of any penalties which the transiter may incur in the event of an offence being committed in the course of transit transport operations.
- b) Member States' financial institutions shall facilitate transfer of funds to reimburse claims by designated representatives upon approval by the customs authority where the representative is established, such approval not to be withheld unreasonably and to be made timeously.
- c) The Member States agree to ensure that the liabilities undertaken by sureties cover import or export duties due, any interest thereon, and other charges and financial penalties incurred by the holder of SADC-CD, transit control form and transit manifest and other persons involved in the transit transport operation under the Customs Laws and regulations of the Member State in which an offence has been committed. The surety and the persons charged with the offence shall be jointly and severally liable for payment of such sums. The fact that Customs authorities might have authorised the examination of goods elsewhere than at a place where the business of the Customs office of commencement or destination is usually conducted shall not affect the liability of the surety.
- d) For the purpose of determining the duties referred to in paragraph (b) of this Article, the particulars of the goods as entered in the SADC-CD, transit control form and transit manifest shall, unless the contrary is proved, be regarded as correct.
- e) The liability of the surety to the authorities of any Member State shall commence from the time when the SADC-CD, transit control form and transit manifest are accepted by the Customs authorities of that Member State, and shall cover only the goods enumerated in the document.
- f) When the Customs authorities of a Member State have unconditionally discharged SADC-CD, transit control form and transit manifest, they may not subsequently claim from the surety payment in respect of the duties referred to in paragraph (b) of this Article unless the certificate of discharge was issued erroneously or fraudulently.
- g) The transiter and surety shall be released from their undertaking to the Customs authorities of each Member State entered when goods carried have been duly exported or have otherwise been accounted for satisfactorily to the Customs authorities of the Member State concerned.
- h) Where SADC-CD, transit control form and transit manifest have not been discharged or has been discharged conditionally, the competent authority of a Member State shall not claim from the surety the payment referred to in Paragraph (b) of this Article unless such authority has, within a period of one year from the date on which the SADC-CD, transit control form and transit manifest were taken on charge, notified the surety of the non-discharge or conditional discharge of the document:

Provided that where the certificate of discharge was obtained erroneously or fraudulently, this paragraph shall not prevent the authorities of a Member State from

taking the necessary action against the person or persons concerned at any time thereafter in accordance with their national laws.

- i) The claim for payment referred to in paragraph (b) of this Article shall be made within three years from the date when the surety was notified that the relevant SADC-CD, transit control form and transit manifest had not been discharged or had been discharged conditionally, or that the certificate of discharge had been obtained erroneously or fraudulently. However, the period of three years referred to in this Article includes a period of legal proceedings. Any claim for payment under the provisions of this Article shall be made within one year from the date when the decision of the court becomes enforceable.
- j) The Member States shall, where feasible, use the services available in other Member States in all transit traffic operations provided such services are competitive and efficient than those offered by other parties.

ARTICLE 11 **OTHER PROVISIONS**

1. The Member States undertake to establish or facilitate the establishment of bonded, transit or Customs areas or bonded warehouses for the temporary storage of transit goods where the direct trans-shipment of goods from one means of transport to another is not possible. The management and operation of such bonded, transit or Customs areas and such bonded warehouses shall be in accordance with the Customs rules and regulations of the Member States concerned.
2. The Member States undertake to permit and facilitate the establishment of cargo, clearing and forwarding offices in their territories by persons, organisations or associations of other Member States or their authorised agents, for the purpose of facilitating transit traffic in accordance with their national laws and regulations.
3. Each means of transport engaged in international transit traffic operations under cover of a SADC-CD, transit control form and transit manifest or any other transit document approved by CMT shall have affixed to its front and rear, a plate bearing the letters "SADC – TRANSIT", the specifications of which are laid down in Appendix V of this Annex. These plates shall be so placed as to be clearly visible, removable and capable of being sealed. The seals to such plates shall be affixed by the Customs offices of commencement and shall be removed by the authorities of the offices of destination.
4. The Member States shall communicate to each other through the Secretariat the seals, stamps and date stamps they use.
5. Each Member State's customs administration shall send to the other Member States' customs administrations, a list of its Customs offices and stations, including transit routes approved by it for SADC Transit Documents covered traffic and normal working hours of such offices. Contiguous Member States shall consult each other in determining the frontier Customs offices to be included in such lists and where possible such office shall be juxtaposed.
6. In all Customs operations referred to in this Annex, no charges shall be levied for Customs attendance, save where it is provided on days or at times or places other than those appointed for such operations. Whenever possible, Customs frontier offices shall remain open for business for twenty-four hours a day or shall allow execution of Customs formalities relating to the transportation of goods under the provisions of this Annex outside the normal working hours.

7. Any breach of the provisions of this Annex shall render a carrier liable in the Member States where the offence is committed to the penalties prescribed by law in that Member State.
8. Nothing contained in this Annex shall prevent the Member States from enacting special legislation in respect of transport operations commencing or terminating in or passing through their territories provided that the provisions of such legislation shall not conflict with the provisions of this Annex, are extended to other Member States or do not confer benefits on third countries that are more favourable than those enjoyed by the Member States.
9. A SADC-CD, transit control form and transit manifest may have a note explaining how that particular document should be used.

ARTICLE 12
REGULATIONS

CMT shall adopt regulations to facilitate the implementation of this Annex.

APPENDIX I TO ANNEX IV

NOTES FOR THE USE OF THE SADC TRANSIT CONTROL DOCUMENT

1. The SADC Transit Control Document herein after referred to as "Document" shall be prepared in the country of commencement where the goods are first declared to be in transit.
2. The document shall be printed in the English, French and Portuguese languages, but completed in the language of the country of commencement. The Customs authorities of the other countries traversed reserve the right to require their translation into their own language. In order to avoid unnecessary delays which might arise from this requirement, carriers are advised to supply the operator of the means of transport with the requisite translations.
3. A document remains valid until completion of the transit operation at a Customs office of destination provided that it has been taken under Customs control at the Customs office of commencement within the time limit given by issuing authorities.
4. The document must be completed legibly.
5. Weights, volume and other measurements shall be expressed units of the metric system, and values in the currency of the country of commencement or in the currency determined by CMT.
6. No erasures or over-writing shall be allowed on the document. Any correction shall be made by deleting the incorrect particulars and adding, if necessary, the required particulars. Any correction, addition or other amendment shall be acknowledged by the person making it and countersigned by the Customs authorities.
7. When the document covers coupled means of transport or several containers, the contents of each means of transport shall be indicated separately on the document. This information shall be preceded by the registration of identification number of the means of transport or container.
8. If there is more than one Customs office of destination, the documents concerning the goods taken under Customs control at, or intended for, each office shall be clearly separated from each other on the manifest.
9. In the event of Customs seals being broken or goods being destroyed or damaged accidentally en-route, the operator of the means of transport shall ensure that a certified report is drawn up as quickly as possible by the authorities of the country in which the vehicle is located. The operator shall approach the Customs authorities immediately, or if not, any other designated authorities such as the police. Operators shall accordingly provide themselves with copies of the certified report form laid down in Appendix V of this Annex on Transit Facilities within the Community.
10. In the event of accident involving immediate unloading of the whole or part of the load en-route, the operator shall notify the customs authorities immediately without awaiting intervention by the authorities mentioned in paragraph 9 above. The operator must then furnish adequate proof that he was compelled to take action in the interest of the means of transport or of the load. Having taken such preventive measures as the emergency may necessitate, the operator shall at the first opportunity notify the authorities mentioned in paragraph 9 above in order that the facts may be verified, the load checked, the means of transport sealed and report drawn up.

APPENDIX II TO ANNEX IV

REGULATIONS RELATING TO TECHNICAL CONDITIONS APPLICABLE TO MEANS OF TRANSPORT OTHER THAN PORTERS AND PACK ANIMALS WHICH MAY BE ACCEPTED FOR TRANSPORT OF GOODS WITHIN THE COMMUNITY UNDER CUSTOMS SEAL

1. Approval for the intra-Community transport of goods by means of transport under Customs seal may be granted only for means of transport constructed and equipped in such a manner that:
 - a) Customs seal can be simply and effectively affixed thereto;
 - b) no goods can be removed from or introduced into the sealed part of the means of transport without obvious damage to it or without breaking the seals;
 - c) they contain no concealed spaces where goods may be hidden.
2. The means of transport shall be so constructed that eleven (11) spaces in the form of compartments, receptacles or other recesses which are capable of holding goods are readily accessible for Customs inspection.
3. Should any empty spaces be formed by the different layers of the sides, floor and roof of the means of transport, the inside surface shall be firmly fixed, solid unbroken and incapable of being dismantled without leaving obvious traces.
4. Openings made in the floor for technical purpose, such as lubrication, maintenance and filing of the sand-box, shall be allowed only on condition that they are fitted with a cover capable of being fixed in such a way as to render the loading compartment inaccessible from the outside.
5. Doors and all other closing systems of means of transport shall be fitted with a device which shall permit simple and effective Customs sealing. This device shall either be secured by at least two bolts, riveted or welded to the nuts on the inside.
6. Hinges shall be so made and fitted that doors and other closing systems cannot be lifted off the hinge-pins, once shut; the screws, bolts, hinge-pins and other fasteners shall be welded to the outer parts of the hinges. These requirements shall be waived, however, where the doors and other closing systems have a locking device inaccessible from the outside which, once it is applied, prevents the doors from being lifted off the hinge-pins.
7. Doors shall be so constructed as to cover all interstices and ensure complete and effective closure.
8. The means of transport shall be provided with a satisfactory device for protecting the Customs seal, or shall be so constructed that the Customs seal is adequately protected.
9. The foregoing conditions shall also apply to insulated vehicles, refrigerator vehicles, tank vehicles and furniture vehicles in so far as they are not incompatible fulfil in accordance with their use.
10. The flanges (filler caps), drain cocks and manholes of tank wagons shall be so constructed as to allow simple and effective Customs sealing.
11. Folding or collapsible containers are subject to the same conditions as non-folding or non-collapsible containers, provided that the locking device enabling them to be folded or collapsed allows Customs sealing and that no part of such container can be moved without breaking the seals.

APPENDIX VI TO ANNEX IV

SADC REGIONAL CUSTOMS TRANSIT BOND GUARANTEE CHAIN

PREAMBLE

The High Contracting Parties

RECALLING Part three, Article 13, 14, 15 of the SADC Protocol on Trade and the provisions of Annex IV of the SADC Protocol on Trade concerning customs cooperation, trade facilitation, transit trade and transit facilities;

BEARING IN MIND the principles of the convention on the United Nations Conference on Trade and Development on transit of goods within landlocked countries adopted on 8th July 1965;

CONSIDERING that it is necessary to set up a SADC Regional Customs Transit Bond Guarantee Chain system in order to facilitate the transportation of goods between territories of Member States;

HEREBY AGREE as follows:

ARTICLE 1
DEFINITIONS

Unless the context otherwise requires, in this Appendix:

"Authority" means the Sub-Committee on Customs Cooperation established in terms of Article 11 of Annex II of the Protocol.

"Certificate of guarantee" means a customs transit guarantee certificate which is issued to the principal bond holder by the customs office of commencement;

"Corridor" means the route on which the goods in transit move from country of commencement to country of destination herein referring to:

- (i) Beira Corridor
- (ii) Maputo Corridor
- (iii) Trans Kalahari Corridor
- (iv) Trans Caprivi Corridor
- (v) Durban-Beit Bridge Corridor
- (vi) Dar es Salaam Corridor
- (vii) Lobito Corridor
- (viii) Mtwara Corridor
- (ix) Santa Clara Corridor
- (x) Other Corridors as may be identified by SADC

"Customs office of guarantee" means a customs office where a customs guarantee is lodged;

"Goods in transit" means goods being conveyed between two Member States or between a Member State and a third country and passing through another Member State or Member States;

"Heavy or bulky goods" means any heavy or bulky object which because of its weight, size or nature is not normally carried in a closed road vehicle or closed container;

"Person" means a natural or legal person;

"SADC customs transit guarantee" means a document, which the principal bondholder shall give to the customs authorities in a Member State as an undertaking, guaranteed by a surety, to pay import duties and taxes that they become liable to pay should goods in transit go into home consumption or not be accounted for to the satisfaction of the customs authorities;

"Witness" means any person in whose presence the customs transit guarantee certificate is signed by the principal bondholder and the principal surety, who by his signature on the same document certifies the authenticity of the document and the signature.

ARTICLE 2
OBJECTIVE

The objective of this Appendix is to provide for a common regional customs bond guarantee chain system for goods in transit.

ARTICLE 3
SCOPE OF APPLICATION

1. The provisions of this Appendix shall apply to goods in transit.
2. The provisions of this Appendix shall only apply to transit movement if it is:

- (a) operated by a carrier licensed under the provisions of Article 4 of Annex IV of the Protocol;
 - (b) performed under conditions set out in Article 4 of Annex IV of the Protocol by means of transport approved by the appropriate licensing authorities
 - (c) guaranteed by a surety in accordance with the provisions of Article 6 of this Appendix; and
 - (d) undertaken using a SADC transit document.
3. The SADC transit procedure shall not apply to the carriage of goods accompanying travellers or contained in their luggage, if the goods are not intended for commercial use.

ARTICLE 4
**ESTABLISHMENT OF THE SADC REGIONAL CUSTOMS
TRANSIT REGIME**

The SADC regional customs transit regime is hereby established among Member States for the purpose of facilitating the movement of goods between the territories of Member States.

ARTICLE 5
**ESTABLISHMENT OF THE SADC REGIONAL CUSTOMS
TRANSIT BOND GUARANTEE CHAIN SYSTEM**

1. The SADC Regional Customs Transit Bond Guarantee Chain System is hereby established for the purpose of the regional transit regime.
2. The SADC Regional Customs Transit Bond Guarantee Chain System shall consist of the Principal bond holder and designated representatives in transiting countries constituting a chain bound by an inter agency agreement for guaranteeing the payment of duties, taxes and other impositions incurred in the territory of the Member State transited within the framework of the regional transit regime.
3. The Designated representative shall be registered in the transiting Member State to represent the Principal bond holder and provide the requisite guarantee to cover goods under transit.
4. The Designated representative may also be appointed as the correspondent of other Principal bond holders registered by other Member States of the Community
5. The Principal bond holders in each Member State and their correspondents in each of the other Member States shall be linked to one another by an inter agency Agreement, which shall define the obligations between them and should be furnished to Customs.
6. The designated representative shall represent the Principal bond holder in its relations with the competent authority in the territory of the Member State of the correspondent.
7. The designated representatives may establish an inter-surety arrangement

ARTICLE 6
REGISTRATION OF BOND

1. No person shall undertake transit operation under the transit regime unless such person registers a bond with the Customs Authority in the Member State where such person is domicile.
2. The level of bond shall be determined to cover duty and taxes of the transit Member States.
3. Each guarantee chain bond shall be confined to the designated corridor bearing in mind the provisions of article 14 paragraph 13.

ARTICLE 7
THE REGIONAL CUSTOMS TRANSIT BOND GUARANTEE CHAIN PROCEDURE

1. A regional customs transit guarantee shall be registered with a customs office in the country of commencement.
2. The office of commencement shall determine the amount of the guarantee, accept the surety's undertaking and issue a certificate of guarantee permitting the principal to carry out transit operation in the Member States.
3. A principal bond holder may be accorded a dispensation on the percentage of the bond cover to be applied upon accreditation and agreement by the involved Member States
4. Each person who has obtained a certificate of guarantee shall, subject to the conditions laid down by Customs Authorities in the countries concerned, be issued with one or more copies of a certificate of guarantee.
5. The regional customs transit guarantee shall either be general, covering a number of customs transit operations, or particular, for a single customs transit operation.

ARTICLE 8
PERIOD OF VALIDITY

The Customs transit guarantee shall be valid from the date it is accepted by Customs Authorities in the issuing Member State to the date the Customs Authorities in the issuing Member State approves the cancellation of the guarantee following the satisfactory accounting in all the transit Member States of all goods carried under the guarantee in question.

ARTICLE 9
CANCELLATION

1. The guarantee may be cancelled by application by the Principal bond holder to the Customs Authorities in the issuing Member State who shall grant their approval for cancellation only after they are satisfied that all transactions carried under the guarantee have been accounted for in all member States.
2. The Customs Authorities in the issuing Member State, before granting their approval for cancellation of a certificate of guarantee, shall satisfy themselves that no goods carried under the guarantee for which an application for cancellation has been received are outstanding in any transit Member State.

3. The customs office of commencement shall notify the principal bond holder and the guarantor of the decision taken in relation to paragraphs 1 and 2.

ARTICLE 10

WAIVER OF DUTIES AND OTHER CHARGES

Without prejudice to national provisions prescribing other cases of exemption, the principal shall be exempted by the competent authorities of the Member State concerned from payment of duties and other charges in the case of goods that have been destroyed as a result of force majeure or unavoidable accident duly proven.

ARTICLE 11

OBLIGATIONS OF THE PRINCIPAL BOND HOLDER AND DESIGNATED REPRESENTATIVES

1. In order to safeguard any duties and taxes payable on goods in transit in the event that the goods have not been re-exported, the principal bond holder shall furnish a Customs regional transit guarantee to the Customs office of commencement.
2. The principal bond holder shall complete and sign the customs regional transit guarantee in the presence of a witness and obtain a guarantor who shall also sign the customs regional transit guarantee in the presence of a witness.
3. The principal bond holder and the designated representative shall be responsible for the observance of the laws and regulations relating to customs control on goods in transit in each Member State through which the transit operation is effected.
4. The principal bond holder shall be responsible for designating on the customs regional transit guarantee, a person who will stand as designated representative in each of the Member States through which the goods will be carried in the course of a customs transit operation.
5. The Principal bond holder and the designated representatives in each of the Member States through which the goods will be carried in the course of a customs transit operation shall be responsible, jointly and severally, for the payment of import duties and taxes that may be levied by Customs Authorities should transit goods go into home consumption or be not properly accounted for to the satisfaction of the Customs Authorities.
6. The designated representative shall be responsible for the payment of pecuniary penalties and other incidental expenses that may be levied by Customs Authorities of a transit Member State on any particular customs regional transit operation.
7. The liability of the Principal bond holder to the authorities of the Member State where the Customs office of commencement is situated shall begin at the time when the Customs office of commencement accepts a regional customs transit document. In the succeeding Member States through which the goods are transported, this liability shall commence at the time when the goods and means of transport enter the territory of a Member State.
8. The Principal bond holder shall be relieved of his obligations towards the Member State through which goods were carried in the course of a customs transit operation when the goods leave the territory of the Member State and the customs transit document has been certified accordingly by Customs Authorities concerned.
9. The principal bond holder and the designated representatives shall draw up an Inter-Agency Agreement. This will be the legal instrument for regulating the mutual rights and obligations

between the principal bond holder and the designated representative. Such agreement shall be furnished to Customs Authorities for information.

ARTICLE 12
OBLIGATIONS OF MEMBER STATES

1. Each Member State undertakes to facilitate the transfer through its banking system to the other Member States, the funds necessary for reimbursement of import duties and taxes paid by designated representatives under the provisions of this Appendix.
2. Each Member State undertakes to facilitate the transfer through its banking system to the other Member States, the funds for the payment of penalties and other incidental expenses that may be levied by the Customs Authorities of transit Member States under the provisions of this Appendix.
3. For purposes of determining the duties referred to in Article 6 paragraph 2 the particulars of the goods entered in the SADC CD and SADC transit control documents shall, unless the contrary is proved, be regarded as correct.
4. For the purpose of this Appendix surety lodged in the Customs Office of commencement shall be recognised and enforced extra territorially and shall be valid in the transiting Member States.

ARTICLE 13
OBLIGATIONS OF GUARANTOR

1. No person shall provide surety under the transit regime unless the Competent Authority in the Member States where such person is domiciled registers such person as guarantor.
2. Each Guarantor shall undertake to facilitate the transfer through the banking system, of the funds necessary for the payment of import duties and taxes by designated representatives under the provisions of this Appendix.
3. The guarantor shall give in writing an undertaking that he will pay the duties and other charges incurred in the course of the transit procedure in the Member States of transit. Such undertaking by the guarantor shall jointly and severally bear the liability with the principal bondholder and the designated representative.
4. Where the principal bond holder or designated representative fails to pay any duties and taxes covered by the bond the guarantor shall be liable for payment to the extent of the guarantee.

ARTICLE 14
REGIONAL CUSTOMS TRANSIT PROCEDURES

1. Any goods that are carried under the customs transit procedure shall be subject to the conditions laid down in this Appendix and the Protocol
2. A set of SADC transit documents shall be made out in respect of each means of transport and shall be valid for one customs transit operation.
3. Each set of SADC transit documents shall relate to one means of transport and the goods carried thereon.

4. The reference number of the customs regional transit guarantee shall be entered in the SADC transit document.
5. The means of transport and the goods carried thereon shall be presented to the Customs offices en-route and destination.
6. Should an offence or irregularity be committed in the course of a customs transit operation the Member State concerned shall recover the duties and taxes payable in accordance with its laws and regulations.
9. Where it is not possible to establish in which territory an irregularity has occurred, it shall be deemed to have occurred in the territory of the Member State where it is detected.
10. Should discrepancies be detected in the transit country between the particulars on the SADC transit document and the actual contents of the means of transport, such discrepancies shall not be considered as infringements by the carrier if evidence is produced to the satisfaction of Customs Authorities that the discrepancies were not due to wilful misdeclaration or negligence at the time when the goods were loaded or dispatched or when the SADC transit document was passed.
11. An unsealed shipment carried under a SADC transit document shall have only one office of destination.
12. Nothing should be added to, taken from or substituted for goods being carried in the course of a customs transit operation.
13. The customs regional transit guarantee may be corridor specific and where a Member State has the capacity to administer it centrally may have a single bond covering multiple corridors.
14. The physical end of the transit procedure shall occur at the port of destination when both goods and transit documentation are presented to the office of destination. Such physical end shall occur:
 - (a) At a Customs controlled "dry port" or other such customs controlled area of destination, or
 - (b) Where such "dry port" or other facility does not exist, at the first entry border post in the country of destination.
15. On presentation of the goods and transit documentation to the Customs office at end of the transit procedure as defined, the Customs office or officer shall endorse the final copy of the Single Administrative Document. Such endorsement shall constitute full and final proof that the transit procedure has ended.

ARTICLE 15
DISCHARGE OF SADC TRANSIT DOCUMENTS

1. When goods in transit reach the Customs office of destination the goods shall be entered for home consumption, warehousing transshipment or any other procedures without delay in accordance with the laws and regulations of the country of final destination.
2. Notwithstanding paragraph 1 of this Article, the obligations of the principal and surety shall cease when the SADC transit document is certified to the effect, that the goods declared thereon have reached their destination by the Customs office of destination. Any late acquittals shall attract a penalty as stipulated in the national laws of the commencement office

3. The claim for payment of the duties, taxes and penalties shall be governed by the terms and conditions set out in the Member States customs legislation where the irregularity occurs.
4. The Principal bond holder and the designated representative shall pay for a claim made upon by Customs forthwith but not later than a week. If it is established by the Customs Authorities that no irregularity was committed in connection with the transit operation in question, the sums paid shall be reimbursed as soon as possible but not later than three months following the date on which the claim for payment was made.

ANNEX V
CONCERNING TRADE DEVELOPMENT

PREAMBLE

The High Contracting Parties

HAVING REGARD to the provisions of Article 26 of the Trade Protocol;

RECOGNISING that trade development among Member States and between Member States and third countries is an important element of the strategy to achieve economic development and a more equitable international economic order.

CONVINCED that trade development is an important tool in the integration process of the Community;

NOTING that trade development and promotion measures can provide access to a wider regional and international market;

HEREBY AGREE as follows:

ARTICLE 1
TRADE DEVELOPMENT

1. Member States shall adopt coherent trade development strategies.
2. Member States shall develop internal capacities for trade development and create awareness on the role and importance of trade and economic development.
3. In order to ensure effective distribution of goods and services, Member States shall undertake to strengthen infrastructure related to trade especially in the areas of transport and storage facilities.

ARTICLE 2
INVOLVEMENT OF THE BUSINESS COMMUNITY

1. Member States shall formulate and implement trade development policies in close co-operation with the private sector.
2. Member States shall facilitate the formation of private sector business associations.
3. Member States, in collaboration with the business community, shall encourage and facilitate the creation of small and medium scale enterprises and promote their participation in trade.

ARTICLE 3
TRADE PROMOTION MEASURES

1. Member States shall promote the participation by the business community in SADC trade fairs, national fairs and exhibitions, specialised fairs and trade missions.

2. In collaboration with the business community, Member States shall disseminate market information on the Community and third countries.

ARTICLE 4 **TRADE RELATED SERVICES**

Member States shall facilitate the provision of trade related services within the Community, including those relating to insurance, freight, banking, warehousing and communication.

ARTICLE 5 **INFORMATION IN THE AREA OF TRADE**

1. Member States shall facilitate the establishment of national and regional databases and trade information networks for the Region.
2. The trade information shall be made compatible and linked to the World Trade Information System.

ARTICLE 6 **HARMONISATION OF STANDARDS AND CONFORMITY ASSESSMENT PROCEDURES**

1. In order to improve quality and competitiveness of SADC products and achieve diversification of the market for such products, Member States shall promote the harmonisation of standards and appropriate conformity assessment systems within the Community, in accordance with the provisions of this Protocol.
2. Member States and the private sector shall take measures to ensure that SADC exports meet the quality and standards, in accordance with specifications set by International Standards Organisations.

ARTICLE 7 **RESEARCH AND DEVELOPMENT**

Member States shall promote market research and participation in international conferences and meetings for the purposes of:

- a) ensuring that they take advantage of the provisions of international trade arrangements, inter alia GSP, the Lome Convention and the WTO;
- b) developing well articulated and coordinated community positions in international negotiations.

ARTICLE 8 **REGULATIONS**

CMT shall adopt regulations for the implementation of this Annex.

ANNEX VI

**CONCERNING THE SETTLEMENT OF DISPUTES BETWEEN THE MEMBER
STATES OF THE SOUTHERN AFRICAN DEVELOPMENT COMMUNITY**

PREAMBLE

The High Contracting Parties

HAVING UNDERTAKEN to progressively liberalise intra-regional trade in goods and services on the basis of fair, mutually equitable and beneficial arrangements;

AND HAVING REGARD to the provisions of Article 32 of this Protocol on the settlement of disputes;

HEREBY AGREE as follows;

ARTICLE 1

SCOPE AND APPLICATION

The rules and procedures of this Annex shall apply to the settlement of disputes between Member States concerning their rights and obligations under this Protocol.

ARTICLE 1 BIS

FORUM SHOPPING

If a Member State has invoked the rules and procedures of this Annex or any other applicable international dispute settlement mechanism with respect to any matter, that Member State shall not invoke another dispute settlement mechanism on the same matter.

ARTICLE 2

COOPERATION

The Member States shall:

- (a) at all times endeavour to agree on the interpretation and application of this Protocol;
- (b) make every attempt through cooperation to arrive at a mutually satisfactory resolution of any matter that may affect the operation of this Protocol; and
- (c) make use of the rules and procedures of this Annex to resolve disputes in a speedy, cost-effective and equitable manner.

ARTICLE 3

CONSULTATIONS

1. A Member State may request in writing consultations with any other Member State regarding any measure that it considers might affect its rights and obligations under the provisions of this Protocol.
2. The requesting Member State shall notify the other Member States and the CMT of the request, through the Registrar of the Tribunal. Any request for consultations shall give the

reasons for the request, including identification of the measures at issue and an indication of the legal basis of the complaint.

3. The requested Member State shall accord sympathetic consideration to and afford adequate opportunity for consultations regarding any representations made by another Member State.
4. The requested Member State shall, unless otherwise mutually agreed, reply to the request within 10 days after the date of its receipt and shall enter into consultations in good faith within a period of no more than 30 days after the date of receipt of the request, with a view to reaching a mutually satisfactory solution. If the requested Member State does not respond within 10 days after the date of receipt of the request, or does not enter into consultations within a period of no more than 30 days, or a period otherwise mutually agreed, after the date of receipt of the request, then the requesting Member State may proceed directly to request the establishment of a panel.
5. Whenever a Member State other than the consulting Member States considers that it has a substantial trade interest in consultations being held pursuant to a request made under paragraph 1, such Member State may notify the consulting Member States and the Registrar of the Tribunal, within 10 days after the date of circulation of the request for consultations, of its desire to be joined in the consultations. Such Member State shall be joined in the consultations, provided that the requested Member State agrees that the claim of substantial interest is well founded. In that event, the consulting Member States shall also inform the CMT through the Registrar of the Tribunal. If the request to be joined in the consultations is not accepted, the applicant Member State shall be free to request consultations under this Article.
6. The consulting Member States shall make every attempt to arrive at a mutually satisfactory resolution of any matter and, to this end, they shall--
 - (a) provide sufficient information to enable a full examination of how the actual or proposed measure or other matter may affect the operation of this Protocol;
 - (b) treat any confidential or proprietary information exchanged in the course of consultations on the same basis as the Member State providing the information; and
 - (c) seek to avoid any resolution that adversely affects the interests of any other Member State under this Protocol.
7. If the consulting Member States fail to resolve a matter pursuant to this Article within:
 - (a) 60 days after the date of receipt of the request for consultations; or
 - (b) such other period as they may agree,any such Member State may request in writing the establishment of a panel. The requesting Member State shall notify the other Member States and the CMT of the request through the Registrar of the Tribunal.
8. In cases of urgency, including those which concern perishable goods, Member States shall enter into consultations within a period of no more than 10 days after the date of receipt of the request. If the consultations have failed to settle the dispute within a period of 20 days after the date of receipt of the request, the requesting Member State may request the establishment of a panel.

ARTICLE 4

GOOD OFFICES, CONCILIATION AND MEDIATION

1. Good offices, conciliation and mediation are procedures that are undertaken voluntarily if the disputing Member States so agree.
2. Procedures involving good offices, conciliation and mediation shall be confidential, and may be requested at any time by a disputing Member State. These procedures may begin at any time and be terminated at any time.
3. The Chairperson of the CMT, or any other Member of the CMT designated by the Chairperson who is not a national of a disputing Member State, may offer good offices, conciliation or mediation with a view to assisting the disputing Member States.

ARTICLE 5

ESTABLISHMENT OF PANEL

1. The Registrar of the Tribunal shall establish a panel within 20 days from the date of receipt of a request made pursuant to paragraph 4, 7 or 8 of Article 3.
2. The request for the establishment of a panel shall be made in writing to the Registrar of the Tribunal and shall indicate whether consultations were held, indicate the specific measures at issue and provide a brief summary of the legal basis of the complaint in the light of the relevant provisions of this Protocol sufficient to present the problem clearly.

ARTICLE 6

ROSTER OF PANELISTS

The Registrar of the Tribunal shall maintain an indicative roster of panellists nominated by Member States on the basis of their relevant expertise and qualifications as stipulated in Article 7. The roster, as well as any modifications thereto, shall be made known by the Registrar of the Tribunal to the Member States.

ARTICLE 7

QUALIFICATION OF PANELISTS

All panellists shall:

- (a) have expertise or experience in international trade or international law or international economics, other matters covered by this Protocol or the resolution of disputes arising under international trade agreements, and shall be chosen strictly on the basis of objectivity, reliability and sound judgment;
- (b) be composed of governmental and/or non-governmental individuals;
- (c) serve in their individual capacities and not as government representatives, nor as representatives of any organization. Member States shall therefore not give them instructions nor seek to influence them as individuals with regard to matters before a panel; and
- (d) comply with a code of conduct and rules of procedures to be established by the CMT.

ARTICLE 8
PANEL SELECTION

1. A panel shall be composed of three panellists.
2. The following procedures shall apply in the selection of panellists:
 - (a) The disputing Member States shall endeavour to agree on the chair of the panel within 15 days of the delivery of the request for the establishment of a panel.
 - (b) Within 10 days of selection of the chair, each disputing Member State shall select one panellist who is not a citizen of such Member State.
 - (c) Where there are more than two disputing Member States, the Member State complained against shall select one panellist who is not a citizen of such Member State. The complaining Member States shall jointly select one panellist who is not a citizen of such Member States. This shall take place within 10 days of the selection of the chair.
3. When a Member State or States, in the selection of panellists pursuant to paragraph 2 fails to agree on the chair of the panel or to select a panellist in the prescribed time, the Registrar of the Tribunal shall refer the matter to the Executive Secretary of SADC. Such chair or panellist shall be selected by lot by the Executive Secretary of the SADC from the list of panellists nominated in the roster referred to in Article 6; who are not citizens of the disputing Member States. The Executive Secretary shall select the chair or panellist, as the case may be, within 5 days after the expiry of the prescribed time referred to in paragraph 2.
4. When a disputing Member State is of the opinion that a panellist does not comply with the requirements set out in Article 7, the disputing Member States shall consult and, if they agree, the panellist shall be removed and another panellist shall be selected in accordance with this Article.
5. Panellists shall, as far as possible, be selected from the roster contemplated in Article 6.

ARTICLE 9
TERMS OF REFERENCE OF THE PANEL

Unless the disputing Member States otherwise agree within 20 days from the date of establishment of the panel, the terms of reference for the panel shall be:

- (a) To examine, in the light of the relevant provisions of this Protocol, the matter referred to the Registrar of the Tribunal and to make findings, determinations and recommendations.
- (b) To determine whether the matter under dispute has nullified or impaired benefits of the disputing Member States according to the provisions of this Protocol.
- (c) To make findings as and when appropriate on the degree of adverse trade effects on any Member State of any measure found not to conform to the provisions of this Protocol or to have caused nullification or impairment of the complaining Member State.
- (d) To recommend that the Member State complained against brings a measure into conformity with this Protocol where such a measure is found to be inconsistent with this Protocol.

ARTICLE 10
PANEL PROCEDURES

Unless the disputing Member States otherwise agree, the panel shall conduct its proceedings in accordance with the following rules of procedure:

- (a) the disputing Member States shall have a right to at least one hearing before the panel as well as the opportunity to provide initial and rebuttal written submissions;
- (b) the panel's hearings, deliberations and initial report, and all written submissions to and communications with the panel shall be confidential; and
- (c) the disputing Member States may be represented during the panel procedures by legal representatives or other experts.

ARTICLE 11
PROCEDURES FOR MULTIPLE COMPLAINTS

- 1. Where more than one Member State requests the establishment of a panel related to the same matter, a single panel may be established to examine these complaints taking into account the rights of all Member States concerned. A single panel should be established to examine such complaints whenever feasible.
- 2. The single panel shall organize its examination and present its findings to the CMT in such a manner that the rights which the disputing Member States would have enjoyed, had separate panels examined the complaints, are in no way impaired. If one of the disputing Member States so requests, the panel shall submit separate reports on the dispute concerned. The written submissions by each of the complaining Member States shall be made available to the other complaining Member States, and each complaining Member States shall have the right to be present when any one of the other complaining Member States presents its views to the panel.
- 3. If more than one panel is established to examine the complaints related to the same matter, to the greatest extent possible, the same persons shall serve as panellists on each of the separate panels and the timetable for the panel process in such disputes shall be harmonised.

ARTICLE 12
THIRD PARTY PARTICIPATION

A Member State that is not a disputing Member State having a substantial trade interest in a matter before a panel and having notified its interest in writing to the CMT, through the Registrar of the tribunal, shall have an opportunity to attend all hearings, to make written and oral submissions to the panel and to receive the written submissions of the disputing Member States.

ARTICLE 13
ROLE OF EXPERTS

On request of a disputing Member State, or on its own initiative, the panel may seek information and technical advice from any person or body that it deems appropriate.

ARTICLE 14
INITIAL REPORT

1. Unless the disputing Member States otherwise agree, the panel shall base its initial report on the submissions of the participating Member States and on any information before it pursuant to Article 13.
2. Unless the disputing Member States otherwise agree, the panel shall, within 90 days after the last panellist is selected or 45 days in the case of urgency, including those concerning perishable goods, present to the disputing Member States an initial report containing:
 - (a) findings of fact;
 - (b) its determination as to whether the measure at issue is or would be inconsistent with the obligations of this Protocol or cause nullification or impairment, or any other determination requested in the terms of reference; and
 - (c) its recommendations for resolution of the dispute.
3. The disputing Member States may submit written comments to the panel on its initial report within 15 days of presentation of the initial report. In such an event, and after considering such written comments, the panel, on its own initiative or on the request of any disputing Member State, may:
 - (a) request the views of any participating Member State;
 - (b) reconsider its initial report; and
 - (c) make any further examination that it considers appropriate.

ARTICLE 15
FINAL REPORT

1. A panel shall present to the disputing Member States a final report within 30 days of presentation of the initial report, unless the disputing Member States otherwise agree.
2. No panel shall, either in its initial report or its final report, disclose which panellists are associated with majority or minority opinions.
3. A panel shall transmit to the CMT, through the Registrar of the Tribunal, its final report.
4. Unless the CMT decides by consensus not to adopt the report, or a disputing Member State notifies the CMT of its decision to appeal, the final report of the panel shall be adopted by the CMT within 15 days after it is transmitted to the CMT and shall promptly be made public thereafter by the Registrar of the Tribunal. If a disputing Member State has notified the CMT of its decision to appeal, the report by the panel shall not be considered for adoption by the CMT until after completion of the appeal.

ARTICLE 15A
APPELATE REVIEW OF THE PANEL REPORT

1. Only disputing Member States may appeal a panel report. Third parties which have notified the CMT of a substantial interest in the matter pursuant to Article 12 may make written submissions to, and be given an opportunity to be heard by, the Tribunal.

2. Subject to sub-article 4, the length of appeal proceedings shall not exceed 90 days.
3. An appeal shall be limited to issues of law covered in the panel report and legal interpretations developed by the panel.
4. Working procedures for the appellate review provided for under this Article shall be drawn up by the tribunal in consultation with the Executive Secretary of SADC and shall not be less restrictive than the Working Procedures of the Appellate Body under the WTO "Understanding on the Rules and Procedures Governing the Settlement of Disputes."

ARTICLE 16 **PANEL RECOMMENDATIONS**

Where a panel concludes that a measure is not consistent with this Protocol, it shall recommend that the Member State complained against bring the measure into conformity with this Protocol. In addition, the panel may suggest ways in which the Member State complained against may implement the recommendations.

ARTICLE 17 **IMPLEMENTATION OF PANEL RECOMMENDATIONS**

1. The Member State complained against shall inform the Registrar of the Tribunal of its intentions in respect of implementation of the recommendations of the panel. If it is impracticable to comply immediately with the recommendations, the Member State complained against shall have a reasonable period of time in which to do so. The reasonable period of time shall be the period of time proposed by the Member State complained against or a period mutually agreed by the disputing Member States. In any case, the period shall not exceed 6 months from the date of adoption of the panel report.
2. The provisions of paragraph 1 and Article 19 shall apply mutatis mutandis to the decisions taken by the Tribunal pursuant to Article 15A.

ARTICLE 18 **COMPENSATION AND SUSPENSION OF CONCESSIONS**

1. Compensation and the suspension of concessions or other obligations are temporary measures available in the event that the recommendations of the panel, as adopted, or the decisions of the Tribunal in terms of Article 15A, as the case may be are not implemented within a reasonable period of time determined in accordance with Article 17. Full implementation of the panel recommendations or the decisions of the tribunal in terms of Article 15A, as the case may be to bring a measure into conformity with this Protocol shall always be preferred.
2. If the Member State complained against fails to bring the measure found to be inconsistent with this Protocol into compliance within the reasonable period of time determined in accordance with Article 17, it shall enter into negotiations with the complaining Member State with a view to developing a mutually satisfactory solution. If no satisfactory solution has been agreed within 20 days after the expiry of the reasonable period of time determined in accordance with Article 17, the complaining Member State may request authorization from the CMT, through the Registrar of the Tribunal, to suspend concessions or other obligations of equivalent effect to the level of the nullification or impairment.

3. Unless the CMT decides by consensus otherwise within 20 days from the date of receipt of the request for authorization to suspend concessions or obligations, such authorization shall be granted.
4. In considering what benefits to suspend, a complaining Member State shall first seek to suspend benefits in the same sector or sectors as that affected by the measure or other matter that the panel has found to be inconsistent with the obligations of this Protocol. A complaining Member State that considers it is not practicable or effective to suspend benefits in the same sector or sectors may suspend benefits in other sectors.
5. If the Member State complained against objects to the level of suspension proposed, the matter shall as far as possible be referred for arbitration to the original panel. Should the original panel not be available, the Executive Secretary of the SADC shall appoint a panellist. The original panel or panellist, as the case may be, shall be appointed within 10 days from the date of receipt of the request for arbitration. The arbitration shall be completed within 30 days after the date of appointment of the original panel or panellist, as the case may be. Concessions or other obligations may not be suspended during the course of arbitration.
6. The panel or panellist acting pursuant to paragraph 5 shall determine whether the level of the proposed suspension is equivalent to the level of impairment as a result of a measure not complying with this Protocol. The disputing Member States shall accept the decision of the panel or panellist as final. The CMT shall be informed, through the Registrar of the Tribunal, of the decision of the panel or panellist and shall within 20 days after the date of receipt of the decision of the panel or panellist, unless it decides by consensus otherwise, grant authorization to suspend concessions or other obligations where the request is consistent with the decision of the panel or panellist.

ARTICLE 19 EXPENSES

1. The CMT shall determine the amounts of remuneration and expenses that will be paid to panellists and experts appointed in terms of this Annex.
2. The remuneration of panellists and experts, their travel and lodging expenses and all other general expenses of panels shall be funded through the regular budget of the Community, in accordance with the criteria that the CMT may, from time to time determine, and from other sources as may be determined by the CMT.I.
3. Each panellist or expert shall keep a record and render a final account of his or her time and expenses and the panel shall keep a record and render an account of all general expenses. The Registrar of the Tribunal shall control such accounts and make all payments against the accounts of the disputing Member States.
4. Each disputing Member State shall be responsible for payment of its own costs arising from litigation. Where the panel determines that a disputing Member State has abused the process of the panel, it may require that disputing Member State to pay for the costs reasonably incurred under the circumstances of the particular case by the other disputing Member State arising from litigation.

ARTICLE 20 REGULATIONS

The CMT shall adopt regulations to facilitate the implementation of this Annex.

ANNEX VII
CONCERNING TRADE IN SUGAR
PREAMBLE

The High Contracting Parties:

HAVING REGARD to the objectives of this Protocol and of its importance as an instrument for facilitating the furtherance of the aims of regional economic integration and the creation of a single market through increased harmonisation of policies and liberalisation of tariffs and removal of NTBs on trade;

NOTING, however, that the world sugar market is highly distorted and conscious of the fact that the world price for sugar is a dumped or subsidised price resulting in the continuing need for most sugar producing countries to impose tariff and non-tariff barriers against the free importation of sugar in order to protect their domestic industries;

RECOGNISING, therefore, that for as long as the world sugar market remains highly distorted, sugar will be a product requiring special dispensation within the framework of the Protocol on Trade so that no sugar industry within SADC will suffer injury;

MINDFUL of the need to establish a stable investment climate leading to both growth and development of SADC economies and of the need to maintain the SADC Region as a reliable bloc of world competitive low cost sugar producers, well positioned to take advantage of the anticipated higher world prices once global liberalisation in sugar trade occurs;

ACKNOWLEDGING accordingly the need to improve and maintain the efficiency of all sugar producers within the SADC region through the interchange of research, training and information;

HEREBY AGREE as follows:

ARTICLE 1
DEFINITIONS

In this Annex, an expression that has been defined has that meaning and, unless the context indicates otherwise:

- "Marketing Year" means a period of twelve months commencing on 1 April and ending on 31 March, and "annual" and "annum" shall have a corresponding meaning;
- "Sugar" means raw sugar, refined sugar and direct consumption crystal sugar;
- "Technical Committee on Sugar (TCS)" means the body comprising of national governments, sugar industries, and government accredited representatives".
- "Ton" means a metric ton of sugar, *tel quel*.

ARTICLE 2
OBJECTIVES

The objectives of this agreement are:

- (a) to promote, within the Region, production and consumption of sugar and sugar- containing products according to fair trading conditions and an orderly regional market in sugar for the survival of the sugar industries, in anticipation of freer global trade;

- (b) in support of the long term objective set out in paragraph 1 of Article 3, to provide temporary measures to insulate State Parties' sugar producing industries from the destabilising effects of the distorted global market, and in this regard to harmonise sugar policies and regulate its trade within the Region during the interim period until world trade conditions permit freer trade in sugar;
- (c) to create a stable climate for investment, leading to the growth and development of sugar industries in the State Parties;
- (d) to improve the competitiveness of the sugar producing State Parties in the world sugar market;
- (e) to facilitate the sharing of information, research and training with a view to improving the efficiency of growers, millers and refiners of sugar in the Member States;
- (f) to facilitate the development of small and medium sugar enterprises, and
- (g) to create stable market conditions in the Member States so as to encourage the rehabilitation and development of all sugar industries with a view to facilitating direct foreign investment and the creation of employment opportunities.

ARTICLE 3

RECIPROCAL MARKET LIBERALISATION

1. The long term objective of this Annex is to establish full liberalisation of trade in the sugar sector in the SADC region after the year 2012. Such liberalisation will be dependent on a positive review of conditions prevailing in the world sugar market five years after entry into force of this Annex in order to ascertain if the world sugar market has normalised sufficiently to make such liberalisation acceptable.
2. The liberalisation as contemplated in paragraph 1 will be on a reciprocal basis and will also involve the removal of non-tariff barriers in relation to SADC sugar trade. However, in the interim period, market access will be on a non-reciprocal basis into the SACU on the terms outlined in Articles 4 and 6.

ARTICLE 4

NON-RECIPROCAL ACCESS TO THE SACU MARKET

1. Duty free quota access to the SACU sugar market will be allocated to all non-SACU SADC sugar producing members. Access will be established through duty-free quotas allocated to each such member. The quotas will be allocated as follows:
 - a. The base market access quotas are hereby established as the average of the annual quotas allocated to each non-SACU SADC sugar-producing country over the period 2001/2002 to 2007/08. These quotas would apply from the first year in which this quota system became effective. These base quotas are indicated in Appendix 1.
 - b. An annual growth factor will be applied from the second year of implementing the new quota system. The annual percentage growth in the quota will be equal to the actual growth percentage in the SACU sugar market in the preceding year, and will only be applied to quota tonnage in excess of 20,000 tons. A minimum annual total quota increase of 500 tons will be applicable. This total quota increase shall be distributed among the quota beneficiaries on the basis of their relative base quota allocations. The relative shares in the base quota allocations are indicated in Appendix 1.
 - c. The annual percentage growth in the SACU sugar market is computed as the growth in the combined SACU sales of the South African and Swaziland sugar industries plus imports into SACU.

- d. From the total annual base quota, an initial annual quota of 1,500 tons will be allocated to each non-SACU SADC sugar producing country. The balance of the quota will then be allocated to each beneficiary country in accordance with that country's calculated relative share of the average annual quota allocated to non-SACU SADC countries over the period 2001/2002 to 2007/08.
2. The determined quota allocations are not transferable between countries. The principle of 'use it or lose it' will apply.
3. Any new sugar producer in SADC will be accommodated within the total quota determined in this Annex.
4. The modalities for the utilisation or distribution of the quota of a country would be determined by the competent sugar quota allocating authority in that country.
5. This provision for non-reciprocal access for non-SACU SADC sugar producers will be reviewed in accordance to scheduled and/or agreed revisions of the SADC Trade Protocol.

ARTICLE 5

CO-OPERATION IN AREAS OF COMMON INTEREST

1. Co-operation in areas of common interest as identified by the TCS will be aimed at facilitating a balanced expansion of national industries with the ultimate objective of promoting the development of a regional competitive industry. Cooperation in the following areas will be established with a view to increasing efficiencies of all SADC sugar producers.
 - (a) The TCS established in terms of Article 7 will initiate dialogue on the usage and upgrading of infrastructure, and adopt rules on the transfer of information in relation to sugar technology and research, training, promotion and marketing.
 - (b) Recognising established official customs co-operation arrangements, the TCS will make recommendations to such bodies on issues related to cross-border trade in sugar in the region aimed at improving information flow on trade in sugar in the region and improving border control.
 - (c) Information on the nature and performance of existing national initiatives will be shared. Information on similar initiatives in other parts of the world will be collected and considered. Such information could be used to design appropriate strategies for small medium enterprise development.
 - (d) Developments occurring in the rest of the world which have implications for sugar industries in SADC will be identified and monitored, and pro- active regional strategies will be pursued.
2. The TCS will establish terms of reference relating to the implementation of actions in the identified and new areas of co-operation, and may appoint technical working groups to obtain related information and submit recommendations.

ARTICLE 6

IMPLEMENTATION

1. Market access as provided for in Article 4 will be effected from the 2011/12 marketing year.
2. Market access as provided for in Article 4 will be maintained until the review of this Annex.
3. Co-operation in areas of common interest will be effected upon implementation of this Annex.

ARTICLE 7
INSTITUTIONAL FRAMEWORK

1. The TCS will be established to manage the agreed terms for market access and to co-ordinate actions in the areas of cooperation outlined in Article 5.
2. The TCS will establish and maintain a secretariat, the functions of which will be to implement and monitor the market access arrangements, procure and collate statistical information concerning sugar from State Parties, disseminate such information amongst State Parties, and supply secretarial services to the TCS and its appointed Working Groups.

APPENDIX 1

Country	Base Quota	Relative Share
Malawi	7,646	20.7%
Mauritius	2,342	2.9%
Mozambique	7,623	20.6%
Tanzania	1,500	0.0%
Zambia	14,444	43.6%
Zimbabwe	5,125	12.2%
TOTAL	38,681	100.0%

ANNEX VIII
CONCERNING SANITARY AND PHYTOSANITARY MEASURES
(Human, Animal and Plant Life or Health)

PREAMBLE

The SADC Member States,

EMPHASISING the importance of human, animal and plant life or health in the SADC region and specifically their importance in relation to trade;

DESIRING the protection of human, animal and plant life or health including protection of the environment through the employment of environmentally safe and sustainable farm production and agro-industrial methods;

RECOGNISING the importance of establishing and maintaining confidence in the sanitary and phytosanitary measures of SADC Member States among agencies that apply measures to protect human or animal or plant life or health, businesses, and consumers in SADC Member States and in existing and potential third party markets;

RECOGNISING the urgency of mutual recognition of the equivalence of sanitary or phytosanitary measures across the Member States in order to improve regional trade in foods, beverages, animals, animal products, plants, plant products and other regulated articles for the economic benefits of the citizens of the SADC region and to expand external trade;

RECALLING the provision in Article 16 of the SADC Protocol on Trade which requires Member States to base their sanitary or phytosanitary measures on international standards, guidelines and recommendations and that they work towards mutual recognition of the equivalence of specific sanitary and phytosanitary measures, in accordance with the WTO Agreement on the Application of Sanitary and Phytosanitary Measures;

HEREBY AGREE as follows:

ARTICLE 1
TERMS AND DEFINITIONS¹

For the purposes of this Annex, the following definitions shall apply²:

"Appropriate level
of sanitary or
phytosanitary
protection" or
"Acceptable

¹ For the purpose of these definitions, "animal" includes fish and wild fauna; "plant" includes forests and wild flora; "pests" include weeds; and "contaminants" include pesticide and veterinary drug residues and extraneous matter.

² Any Changes to these definitions by either WTO or by international standard setting bodies, namely Codex Alimentarius Commission, the International Plant Protection Convention (IPPC) and the International Office of Epizootics (IOE) shall automatically be applied to this annex.

level of risk"	means the level of protection deemed appropriate by the Member State establishing a sanitary or phytosanitary measure to protect human, animal or plant life or health within its territory.
"Area of low pest or disease prevalence"	means an area, whether all of a country, part of a country, or all or parts of several countries, as identified by the competent authorities, in which a specific pest or disease occurs at low levels and which is subject to effective surveillance, control or eradication measures.
"Codex Alimentarius Commission (Codex)"	see "International Standards..." as defined below
"Food Safety"	means assurance that food will not cause harm to the consumer when it is prepared and eaten according to its intended use.
"Harmonisation"	means the establishment, recognition and application of common sanitary and phytosanitary measures by different Member States.
"International Office of Epizootics (OIE)"	see "International Standards..." in this list of definitions.
"International Plant Protection Convention (IPPC)"	See "International Standards..." in this list of definitions.
"International standards, guidelines, and recommendations" –	
a) for food safety, the standards, guidelines and recommendations established by the Codex Alimentarius Commission (Codex) relating to food additives, veterinary drug and pesticide residues, contaminants, methods of analysis and sampling, and codes and guidelines of hygienic practice;	
b) for animal health and zoonoses, the standards, guidelines and recommendations developed under the auspices of the International Office of Epizootics (OIE);	
c) for plant health, the international standards, guidelines and recommendations developed under the auspices of the Secretariat of the International Plant Protection Convention (IPPC) in cooperation with regional organizations operating with the framework of the IPPC; and	
d) for matters not covered by the above organizations, appropriate standards, guidelines and recommendations promulgated by other relevant international organizations open for membership to all Member States, as identified by the SADC Coordinating Committee on Sanitary and Phytosanitary Measures.	
"Pest"	means any species, strain or biotype of plant, animal or pathogenic agent injurious to plants or plant products.
"Pesticide"	means any substance, mixture of substances or any biological agent intended for preventing, destroying or controlling any pest; to act as growth regulator, defoliant, desiccant, thinning agent on crops; or to prevent the fall of buds, flowers and fruits from crops.

- "Pest or disease-free area" means an area, whether all of a country, part of a country, or all or parts of several countries, as identified by the competent authorities, in which a specific pest or disease does not occur. Such an identified area may surround, be surrounded, or be adjacent to an area – whether within part of a country or in a geographic region which includes parts of or all of several countries -in which a specific pest or disease is known to occur but is subject to regional control measures such as the establishment of protection, surveillance and buffer zones which will confine or eradicate the pest of disease in question.
- "Phytosanitary Measure" See "Sanitary or phytosanitary measure."
- "Plant Genetic Resources" means plants or collection of plants bearing certain desirable traits and used as starting material for breeding or seed multiplication programs.
- "Regulated Article" means any plant, plant product, storage place, packaging, conveyance, container, soil and any other organism, object or material capable of harboring or spreading pests, deemed to require phytosanitary measures, particularly where international transportation is involved.
- "Risk assessment" means the evaluation of the likelihood of entry, establishment or spread of a pest or disease within the territory of an importing Member State according to the sanitary or phytosanitary measures which might be applied, and of the associated potential biological and economic consequences; or the evaluation of the potential for adverse effects on human or animal health arising from the presence of additives, contaminants, toxins or disease-causing organisms in food, beverages or feedstuffs.
- "Sanitary or phytosanitary measure" – means any measure applied:
- (a) to protect animal or plant life or health within the territory of the Member State from risks arising from the entry, establishment or spread of pests, diseases, disease-carrying organisms or disease-causing organisms;
 - (b) to protect human or animal life or health within the territory of the Member State from risks arising from additives, contaminants, toxins or disease-causing organisms in foods, beverages or feedstuffs;
 - (c) to protect human life or health within the territory of the Member State from risks arising from diseases carried by animals, plants or products thereof, or from the entry, establishment or spread of pests; or
 - (d) to prevent or limit other damage within the territory of the Member State from the entry, establishment or spread of pests.

Sanitary or phytosanitary measures include all relevant laws, decrees, regulations, requirements and procedures including, *inter alia*, end product criteria; processes and production methods; testing, inspection, certification and approval procedures; quarantine treatments including relevant requirements associated with the transport of animals or plants, or with the materials necessary for their survival during transport; provisions on relevant statistical methods, sampling procedures and methods of risk assessment; and packaging and labelling requirements directly related to food safety.

"SQAM" means Standardization, Quality assurance, Accreditation, and Metrology.

"WTO" means World Trade Organisation.

ARTICLE 2 **OBJECTIVES**

1. The objectives of this Annex are:
 - a) to facilitate the protection of human, animal or plant life or health in the territory of the Member States;
 - b) to enhance the Member States' implementation of the WTO Agreement on the Application of Sanitary and Phytosanitary Measures;
 - c) *to enhance Technical capacity to implement and monitor SPS measures ,including promoting greater use of international standards and other matters concerning SPS*
 - d) to provide a regional forum for addressing sanitary and phytosanitary matters;
 - e) to provide a forum for resolving trade related sanitary or phytosanitary issues.

ARTICLE 3 **SCOPE AND COVERAGE**

1. This annex applies to all sanitary and phytosanitary measures of a Member State that may, directly or indirectly, affect trade between the Member States.

ARTICLE 4 **GENERAL PROVISIONS**

1. The appendices are an integral part of this Annex and the SADC Protocol on Trade.
2. Nothing in this Annex shall affect the rights of Member States under Article 17 of the SADC Protocol on Trade , "Standards and Technical Regulations on Trade," or of the WTO Agreement on Technical Barriers to Trade and the WTO Agreement on the Application of Sanitary and Phytosanitary Measures with respect to measures not within the scope of this Annex.

ARTICLE 5 **BASIC RIGHTS AND OBLIGATIONS**

1. Member States affirm their existing rights and obligations under the WTO Agreement on the Application of Sanitary and Phytosanitary Measures.
2. Nothing in this Annex shall prevent a Member State from adopting or maintaining, in accordance with its international rights and obligations any measure necessary to achieve its appropriate level of sanitary or phytosanitary protection.

ARTICLE 6
HARMONISATION

1. The Member States shall, where appropriate, work towards harmonization of their respective mandatory requirements taking into account relevant international standards, guidelines or recommendations, in accordance with their international rights and obligations.
2. Member States, within the limits of their resources, shall make every effort to participate in relevant international organizations and, whenever possible, if mandated, present a common SADC position in these organizations in an effort to promote within these organizations the development and periodic review of standards, guidelines and recommendations with respect to sanitary and phytosanitary measures.

ARTICLE 7
EQUIVALENCE

1. Member States shall to the extent practicable, without compromising their appropriate level of sanitary or phytosanitary protection and in accordance with guidelines to be developed by the SADC Sanitary and Phytosanitary Coordinating Committee, enter into consultations aimed at achieving bilateral or regional agreements on the recognition of equivalence of their respective sanitary or phytosanitary measures.
2. An importing Member State:
 - (a) shall accept a sanitary or phytosanitary measure adopted or maintained by an exporting Member State as equivalent to its own where the exporting Member State, in cooperation with the importing Member State, provides to the importing Member State scientific evidence or other information, in accordance with risk assessment methodologies agreed on by the Members, to demonstrate objectively, that the exporting Member State's measures achieve the importing Member State's appropriate level of protection;
 - (b) may, refuse to accept a sanitary or phytosanitary measure adopted or maintained by an exporting Member State as equivalent to its own where it has scientific basis to determine that the exporting Member State's measures does not achieve the importing Member State's appropriate level of protection; and
 - (c) shall provide to the exporting Member State, on request, its reasons in writing for a determination made under subparagraph (b).

ARTICLE 8
**ASSESSMENT OF RISK AND DETERMINATION OF THE APPROPRIATE LEVEL OF
SANITARY OR PHYTOSANITARY PROTECTION**

1. Member States shall in accordance with their international rights and obligations ensure that their sanitary or phytosanitary measures are based on an assessment, as appropriate to the circumstances of the risks to human, animal and plant life or health.
2. In conducting a risk assessment and in determining the sanitary or phytosanitary measure to be applied to achieve appropriate level of protection, each Member State shall take into account:
 - a) relevant scientific evidence;

- b) relevant risk assessment techniques and methodologies developed by international organisations;
- c) relevant processes and production methods;
- d) relevant inspection, sampling and testing methods;
- e) the prevalence of relevant diseases or pests, including the existence of pest-free or disease-free areas or areas of low pest or disease prevalence;
- f) relevant ecological and other environmental conditions;
- g) relevant treatments, such as quarantines;
- h) relevant economic factors such as the potential damage in terms of loss of production or sales in the event of entry, establishment or spread of a pest or disease; the costs of control or eradication in the territory of the importing member; and the relative cost-effectiveness of alternative approaches to limiting risks.

3. Notwithstanding the provisions of paragraphs 1 and 2 of this Article, where a Member State conducting a risk assessment determines that available relevant scientific evidence or other information is insufficient to complete the assessment, it may adopt a provisional sanitary or phytosanitary measures on the basis of available relevant information, including from international standardizing organizations and from sanitary or phytosanitary measures of other Member States. The Member State shall, within a reasonable period after information sufficient to complete the assessment is presented to it, complete its assessment, review and, where appropriate, revise the provisional measure in the light of the assessment.

4. Where a Member State is able to achieve its appropriate level of protection through the phased application of a sanitary or phytosanitary measure, it may, at the request of another Member State and in accordance with the provisions of this Annex, allow for such a phased application, or grant specified exceptions for limited periods from the measure, taking into account the requesting Member State's export interests.

ARTICLE 9 **ADAPTATION TO REGIONAL CONDITIONS, INCLUDING PEST OR DISEASE-FREE AREAS AND AREAS OF LOW PEST OR DISEASE PREVALENCE**

1. Member States shall in accordance with their international rights and obligations ensure that their sanitary or phytosanitary measures are adapted to the sanitary or phytosanitary characteristics of the area – whether all of a country, part of a country, or all or parts of several countries – from which the product originated and to which the product is destined.

2. Member States shall in assessing the sanitary or phytosanitary characteristics of a region, take into account, *inter alia*:

- a) the level of prevalence of specific diseases or pests;
- b) the existence of eradication or control programmes; and
- c) appropriate criteria or guidelines which may be developed by the relevant international organizations or by the SADC Sanitary and Phytosanitary Coordinating Committee.

3. In determining whether an area is a pest-free or disease-free area or an area of low pest or disease prevalence Member States shall *inter alia*, base their determination on factors such as

geography, ecosystems, epidemiological surveillance and the effectiveness of sanitary or phytosanitary controls in that area.

4. Exporting Member States claiming that areas within their territories are pest-or disease-free areas or areas of low pest or disease prevalence shall provide the necessary evidence thereof in order to objectively demonstrate to the importing Member State that such areas are, and are likely to remain, pest- or disease-free areas or areas of low pest or disease prevalence, respectively. For this purpose, each exporting Member State shall provide reasonable access to its territory to the importing Member State for inspection, testing and other relevant procedures.

5. Member States may, in accordance with this Annex:

- a) adopt, maintain or apply a different risk assessment procedures for a pest-free or disease-free area than for an area of low pest or disease prevalence; or
- b) make a different final determination for the disposition of a product produced in a pest-free or disease-free area than for a product produced in an area of low pest or disease prevalence, taking into account any relevant conditions, including those relating to transportation and handling.

6. Member States shall, in adopting, maintaining or applying sanitary or phytosanitary measures relating to the introduction, establishment or spread of an animal disease or plant pest, accord a product produced in a pest-free or disease-free area in the territory of another Member State no less favorable treatment than it accords a product produced in a pest-free or disease-free area, in another country, that poses the same level of risk.

7. Member States shall where appropriate use equivalent risk assessment techniques to evaluate relevant conditions and controls in the pest-free or disease-free area and in the area surrounding that area and take into account any relevant conditions, including those relating to transportation and handling. The SADC Sanitary and Phytosanitary Coordinating Committee shall develop guidelines to determine the equivalence of risk assessment techniques.

8. An importing Member State may upon request, pursue an agreement with an exporting Member State, on specific requirements the fulfillment of which allows a product produced in an area of low pest or disease prevalence in the territory of an exporting Member State to be imported into the territory of the importing Member State.

ARTICLE 10 TRANSPARENCY

1. Member States shall notify laws, regulations, procedures and requirements and any changes in their sanitary or phytosanitary measures to the SADC Secretariat.

2. Member States shall provide all required notifications and information under paragraph 1 of this Article in accordance with Appendix A to this Annex. Each Member State shall notify details of their Enquiry points and their National Committee to the SADC Secretariat.

3. The SADC Secretariat shall circulate all notifications to the SADC Sanitary and Phytosanitary Coordinating Committee and the National Inquiry points.

ARTICLE 11 CONTROL, INSPECTION AND APPROVAL PROCEDURES

1. Each Member State shall, upon the request of any other Member State, following the procedures set down from time to time by the relevant International Organisations, give consideration with a view of accepting the relevant control, inspection and approval procedures of another Member

State, provided it is satisfied that these achieve the same outcomes as its own regulatory requirements.

2. Each Member State shall upon request and in accordance with its international obligations and applicable laws, regulations and policies, review its inspection, testing, certification and other relevant import and export approval systems or procedures to ensure these are reasonable and necessary, so as to further facilitate access of traded products to its territory.

3. Member States shall where appropriate adopt guidelines set out in SADC Seed Import/Export Procedures Manual as the relevant import and export approval systems for seed.

4. Member States shall where appropriate adapt the guidelines set out in SADC Seed Import/Export Procedures Manual as the relevant import and export approval systems for all other commodities subject to sanitary or phytosanitary measures.

5. Member States shall cooperate on a product trace back system for the notification of non-compliance of imported consignments for commodities subject to sanitary or phytosanitary measures drawing on the guidelines of relevant international organizations where available.

ARTICLE 12 **TECHNICAL ASSISTANCE**

1. Where substantial investment is required in order for an exporting Member State to fulfil the sanitary or phytosanitary requirements of the importing Member State, the latter shall consider providing such technical assistance that will permit the exporting Member State to maintain and expand its market access opportunities for the product involved.

2. The SADC Secretariat shall in consultation with the SADC Sanitary and Phytosanitary Coordinating Committee facilitate resource mobilisation for technical assistance to enhance Member States capacity to implement and monitor sanitary and phytosanitary measures including promoting greater use of international standards.

ARTICLE 13 **DISPUTE SETTLEMENT**

The rules and procedures of Article 32 of the SADC Protocol on Trade shall apply to the settlement of disputes between Member States concerning their rights and obligations under this Annex.

ARTICLE 14 **ADMINISTRATION**

1. Member States hereby establish a SADC Sanitary and Phytosanitary Coordinating Committee comprising of representatives of each National Committee on Sanitary and Phytosanitary Measures.

2. Not later than 60 days after the adoption of this Annex, each Member State will establish a National Committee on Sanitary and Phytosanitary Measures and appoint a representative on the SADC Sanitary and Phytosanitary Coordinating Committee.

3. The National Committee on Sanitary and Phytosanitary Measures shall include the national enquiry point(s).

4. The SADC Sanitary and Phytosanitary Coordinating Committee shall promote transparency in the area of sanitary and phytosanitary measures, including overseeing the implementation of the SADC notification and counter notification process, with a view of identifying and resolving sanitary or phytosanitary problems between Member States in order to prevent formal disputes.

5. The SADC Sanitary and Phytosanitary Coordinating Committee will act as a consultative forum for promoting the objectives of this Annex and for strengthening cooperation between the regulatory agencies having responsibility for sanitary and phytosanitary measures.

6. The SADC Sanitary and Phytosanitary Coordinating Committee will report to the SADC Trade Negotiating Forum and shall have the following specific functions:

- a) To act as a forum for consultations and exchange of technical information relating to sanitary or phytosanitary issues;
- b) Reviewing progress and monitoring the implementation of this Annex;
- c) Cooperation and collaboration in the transfer of expertise in sanitary or phytosanitary issues amongst Member State;
- d) Overseeing the implementation of SADC regional programs related to sanitary and phytosanitary measures;
- e) Collaboration among interested Member State on specific sanitary or phytosanitary projects;
- f) Identification of technical problems which might form the subject of joint projects on sanitary or phytosanitary issues;
- g) Coordination, endorsement and harmonisation of SADC regional training and development activities in sanitary and phytosanitary related areas;
- h) Provision of information on regional sanitary and phytosanitary related resources and services;
- i) Coordinating the region's liaison with corresponding regional and international organisations in the field of sanitary and phytosanitary protection;
- j) Coordinate, liaise and participate in SADC SQAM structures as necessary to facilitate accomplishment of standardization, conformity assessment and accreditation needs in regional sanitary and phytosanitary issues;
- k) Establishment of communication channels and dissemination of information on regional sanitary and phytosanitary resources and services through the national enquiry points;
- l) Establishment of Expert Working Groups in specific fields related to sanitary or phytosanitary Measures;
- m) Organisation, coordination and promotion of regional conferences, workshops, seminars and exhibitions on subjects relevant to any SADC regional programme related to sanitary or phytosanitary standards;
- n) Participation in international and regional standards setting organizations, where possible and coordinate efforts to present common SADC positions in relevant international organizations;
- o) Promotion and facilitation of greater private sector/industry participation in SADC sanitary

and phytosanitary related activities;

- p. Follow up international and regional developments on sanitary and phytosanitary measures that might have potential consequences on trade of SADC Member States and submit regular updates to Members through the SADC Trade Negotiating Forum.
 - q) Develop the guidelines and procedures for determining the equivalence of sanitary or phytosanitary measures;
 - r) Develop guidelines and procedures for determining the equivalence of risk assessment techniques and methodologies; and
 - s) Develop procedures to assist monitor the process of harmonisation among Member States,
7. The SADC Sanitary and Phytosanitary Coordinating Committee shall meet as often as required, and shall reach all its decision by consensus.

ARTICLE 15 **IMPLEMENTATION**

Member States shall be fully responsible under this Annex for the implementation of all obligations set forth herein. Member States shall in particular formulate and take available measures to enforce positive mechanisms to support the implementation of the provisions of this Annex.

ARTICLE 16 **REGULATIONS**

The Committee of Ministers responsible for Trade in the Member States shall adopt regulations to facilitate the implementation of this Annex.

Appendix A. Transparency of Sanitary and Phytosanitary Regulations

Publications of regulations

1. Member States shall ensure that all sanitary and phytosanitary regulations³ are published promptly in such a manner as to enable interested Member States to become acquainted with them.
2. Except in urgent circumstances, Member States shall allow a reasonable interval between the publication of a sanitary or phytosanitary regulation and its entry into force to allow time for producers in exporting Member States, to adapt their products and methods of production to the requirements of the importing Member State.

Enquiry points

3. Each Member State shall ensure that an enquiry point exists which is responsible for the provision of answers to all questions from interested Member States as well as for the provision of relevant documents regarding:
 - a) any sanitary or phytosanitary regulations adopted or proposed within its territory;
 - b) any control and inspection procedures, production and quarantine treatment, pesticide tolerance and food additive approval procedures, which are operated within its territory;
 - c) risk assessment procedures, factors taken into consideration, as well as the determination of the appropriate level of sanitary or phytosanitary protection;
 - d) the membership and participation of the Member State, or of relevant bodies within its territory, in international and regional sanitary and phytosanitary organizations and systems, as well as in bilateral and multilateral agreements and arrangements within the scope of this Annex, and the texts of such agreements and arrangements.
4. Member States shall ensure that where copies of documents are requested by interested Member States, they are supplied at the same price (if any), apart from the cost of delivery, as to the nationals of the Member State concerned.

Notification procedures

5. Whenever an international standard, guideline or recommendation does not exist or the content of a proposed sanitary or phytosanitary regulation is not substantially the same as the content of an international standard, guideline or recommendation, and if the regulation may have a significant effect on trade of other Member States, Member States shall:
 - a) publish a notice at an early stage in such a manner as to enable interested Member States to become acquainted with the proposal to introduce a particular regulation;
 - b) notify other Member States, through the SADC Secretariat, of the products to be covered by the regulation together with a brief indication of the objective and rationale of the proposed regulation. Such notifications shall take place at an early stage, when amendments can still be introduced and comments taken into account;
 - c) provide upon request of other Member States copies of the proposed regulation and, whenever possible, identify the parts which in substance deviate from international standards, guidelines or recommendations;

³ Sanitary and Phytosanitary measures such as laws, decrees or ordinances which are applicable generally.

- d) without discrimination, allow reasonable time for other Member States to make comments in writing, discuss these comments upon request, and take the comments and the results of the discussions into account.
- 6. However, where urgent problems of health protection arise or threaten to arise for a Member State, that Member State may omit such steps enumerated in paragraph 5 of this Appendix as it finds necessary, provided that the Member State:
 - a) immediately notifies other Member States, through the SADC Secretariat of the particular regulation and the products covered, with a brief indication of the objective and the rationale of the regulation, including the nature of the urgent problem(s);
 - b) provides, upon request, copies of the regulation to other Member States;
 - c) allows other Member States to make comments in writing, discusses these comments upon request, and takes the comments and the results of the discussions into account.
- 7. Notifications to the SADC Secretariat shall be in English, Portuguese or French.
- 8. The SADC Secretariat shall promptly circulate copies of the notifications to all Member States and interested international organizations.
- 9. Each Member State's National Committee on Sanitary and Phytosanitary Measures, in cooperation with its national enquiry point(s), shall be responsible for the implementation at the national level of the provisions concerning notification procedures according to this Appendix.

General reservations

- 10. Nothing in this Annex shall be construed as requiring Member States to disclose confidential information which would impede enforcement of sanitary or phytosanitary legislation or which would prejudice the legitimate commercial interests of particular enterprises.

Appendix B. Control, Inspection and Approval Procedures

1. Member States shall ensure, with respect to any procedure to check and ensure the fulfilment of sanitary or phytosanitary measures, that:
 - a) such procedures are undertaken and completed without undue delay and in no less favourable manner for imported products than for like domestic products;
 - b) the standard processing period of each procedure is published or that the anticipated processing period is communicated to the applicant upon request; when receiving an application, the competent body promptly examines the completeness of the documentation and informs the applicant in a precise and complete manner of all deficiencies; the competent body transmits as soon as possible the results of the procedure in a precise and complete manner to the applicant so that corrective action may be taken if necessary; even when the applicant has deficiencies, the competent body proceeds as far as practicable with the procedure if the applicant so requests; and that upon request the applicant is informed of the stage of the procedure, with any delay being explained;
 - c) information requirements are limited to what is necessary for appropriate control, inspection and approval procedures, including for approval of the use of additives or for the establishment of tolerances levels for contaminants in food, beverages or feedstuffs;
 - d) the confidentiality of information about imported products arising from or supplied in connection with control, inspection and approval is respected in a way no less favourable than for domestic products and in such a manner that legitimate commercial interests are protected;
 - e) any requirements for control, inspection and approval of individual specimens of a product are limited to what is reasonable and necessary;
 - f) any fees imposed for the procedures on imported products are equitable in relation to any fees charged on like domestic products or products originating in any other Member State and should not be higher than the actual cost of the service;
 - g) the same criteria should be used in the setting up of facilities used in the procedures and the selection of samples of imported products as for domestic products so as to minimize the inconvenience to applicants, importers, exporters or their agents;
 - h) whenever specifications of a product are changed subsequent to its control and inspection in light of the applicable regulations, the procedure for the modified product is limited to what is necessary to determine whether adequate confidence exists that the product still meets the regulations concerned; and
 - i) a procedure exists to review complaints concerning the operation of such procedures and to take corrective action when a complaint is justified.

Where an importing Member State operates a system for the approval of the use of food additives or for the establishment of tolerances for contaminants to food, beverages or feedstuffs, which prohibits or restricts access to its domestic markets for products based on the absence of an approval, the importing Member State shall consider the use of a relevant international standard as the basis for access until a final determination is made.

2. Where a sanitary or phytosanitary measure specifies control at the level of production, the Member State in whose territory the production takes place shall provide the necessary assistance to facilitate such control and the work of the controlling authorities.

3. Nothing in this Annex shall prevent Member States from carrying out reasonable inspection within their own territories.

ANNEX IX
CONCERNING TECHNICAL BARRIERS TO TRADE

PREAMBLE

The SADC Member States,

NOTING the objectives of SADC as listed in Article 15 of the SADC Treaty, such as achieving development and economic growth, achieving complementarities between national and regional strategies and programmes and promoting and maximising productive employment and utilisation of resources in the Region;

COMMITTED to the agreed actions to achieve the objectives of the SADC Treaty, such as creating appropriate institutions and mechanisms for the mobilisation of requisite resources for the implementation of programmes and operations of SADC and its institutions to develop policies aimed at the progressive elimination of obstacles to the free movement of capital and labour, goods and services, and of the peoples of the Region generally, among Member States and to improve economic management and performance through regional cooperation;

EMPHASIZING the obligation to protect the safety and health of the *people* of the SADC region, plant and animal life and health and the environment and specifically the importance related to trade of products and services;

RECOGNIZING the importance of establishing and maintaining confidence in SADC Member State technical regulations and their supporting measures;

RECALLING the provisions of Article 17 and Annex V of the SADC Protocol on Trade that Member States base their standards related measures on relevant international standards, make compatible their respective standards-related measures including the conformity assessment provisions, accept as equivalent technical regulations of other Member States even if these regulations differ from their own provided that they adequately fulfil the objectives of their regulations, so as to facilitate trade in goods and services within the Community;

AWARE of the importance of cooperation in the areas of Technical Regulations, Standardisation, Quality Assurance, Accreditation and Metrology for the elimination of non-tariff barriers, both in terms of the SADC Protocol on Trade and in terms of the commitments by Member States with respect to the World Trade Organisation (WTO) Technical Barriers to Trade (TBT) Agreement;

REALIZING that cooperation in Technical Regulations, Standardisation, Quality Assurance, Accreditation and Metrology is not just essential in the industry and trade Sector, where it is mainly driven by the provisions of the SADC Protocol on Trade and the WTO TBT Agreement commitments, but in all SADC Sectors;

HEREBY AGREE as follows:

SQAM Cooperation Structure(s)	means one (or all) of SADCA, SADCMEL, SADCMET, SADCSTAN and SQAMEG.
Standard	means document approved by a recognized body, that provides, for common and repeated use, rules, guidelines or characteristics for products or related processes and production methods, with

which compliance is not mandatory. It may also include or deal exclusively with terminology, symbols, packaging, marking or labelling requirements as they apply to a product, process or production method.

Explanatory note

The terms as defined in ISO/IEC Guide 2 cover products, processes and services. This Annex deals only with technical regulations, standards and conformity assessment procedures related to products or processes and production methods. Standards as defined by ISO/IEC Guide 2 may be mandatory or voluntary. For the purpose of this Annex standards are defined as voluntary and technical regulations as mandatory documents. Standards prepared by the international standardization community are based on consensus. This Annex covers also documents that are not based on consensus.

Standardisation	means the activity of establishing, with regard to actual or potential problems, provisions for common and repeated use, aimed at the achievement of the optimum degree of order in a given context;

TBT	means Technical Barrier to Trade;
TBT Cooperation Structure(s)	means one (or all) of the seven structures, namely SADCA, SADCMEL, SADCMET, SADCSTAN, SQAMEG, SADCTBTSC, and SADCTRLC.
Technical Regulation	means document which lays down product characteristics or their related processes and production methods, including the applicable administrative provisions, with which compliance is mandatory. It may also include or deal exclusively with terminology, symbols, packaging, marking or labelling requirements as they apply to a product, process or production method.

Explanatory note:

The definition in ISO/IEC Guide 2 is not self-contained, but based on the so-called "building block" system.

Technical Regulation Framework	Means a system of government policies for intervention in the market place, including impact assessments, legal instruments, technical requirements, regulatory authorities, conformity assessments, sanctions and the supporting SQAM infrastructure.
Testing	means a technical operation that consists of the determination of one or more characteristics of a given product, process or service according to a specified procedure;
Third party	means a party independent from the supplier (first party) and the purchaser (second party) in the context of conformity assessment;
Top-level measurement standard	means a measurement standard of the highest metrological quality available for a quantity in a particular country , which does not have an official national measurement standard for that quantity;
Traceability	means the property of the result of a measurement or the value of a standard, whereby it can be related to stated references, usually national or international standards, through an unbroken chain of comparisons all having stated uncertainties;
WTO	means World Trade Organisation;
WTO TBT Agreement	means WTO Agreement on Technical Barriers to Trade.

ARTICLE 2 **OBJECTIVE**

The objective of this Annex is to establish a common technical regulation framework, (hereafter referred to as the Framework), supported by appropriate regional TBT Cooperation Structures.

ARTICLE 3 **ESTABLISHMENT**

Once adopted, this Annex supersedes the SADC SQAM MOU.

ARTICLE 4 **GENERAL PROVISIONS**

1. In order to guide the development, adoption, implementation and maintenance of technical regulations as provided for in Article 17 of the SADC Protocol on Trade, the provisions of this Annex apply to technical regulations, standards and conformity assessment procedures as defined in the WTO TBT Agreement .

2. Nothing contained in this Annex shall affect the rights of Member States under Article 16 of the SADC Protocol on Trade, "Sanitary and Phytosanitary Measures," or of the WTO Agreement on Sanitary and Phytosanitary Measures with respect to measures not within the scope of this Annex.

ARTICLE 5 **BASIC RIGHTS AND OBLIGATIONS**

1. Member States affirm their existing rights and obligations in respect of technical regulations, standards and conformity assessment procedures with respect to each other under the WTO TBT Agreement.
2. Member States reaffirm their commitment the WTO TBT Agreement principles of non-discrimination, necessity, prevention of trade restrictiveness, proportionality, the use of equivalent and internationally harmonised measures, transparency and special and differential treatment.
3. Member States confirm their right to develop, adopt, implement, maintain and apply technical regulations at national level to protect human, plant and animal health and safety, protect the environment and prevent deceptive practices, provided that such technical regulations and their measures are not inconsistent with the provisions of this Annex and that all member states are notified accordingly.
4. Every Member State is responsible for the observance of all the commitments set forth in this Annex.

ARTICLE 6 **TECHNICAL REGULATION FRAMEWORK**

1. The objective of the Framework shall be the identification, prevention and elimination of unnecessary TBTs amongst the Member States and between SADC and other Regional and International Trading Blocks through harmonized standards, technical regulations and conformity assessment procedures in order to facilitate and increase trade in goods and services. This includes:
 - a) The use of consultation, participation and exchange of information processes when technical regulations are developed, amended and implemented;
 - b) The appropriate use of common performance based standards based on international standards rather than prescriptive standards as a basis for technical regulations;
 - c) The withdrawal of a conflicting national standard once the text of a regional standard has been developed and approved in accordance with the agreed SADCSTAN procedures;
 - d) The relevant use of impact and risk assessment to inform technical regulatory decisions;
 - e) The use of appropriate international measures to promote acceptance of conformity assessment results among Member States;
 - f) The review, update and modification of technical regulations to meet changing needs; and
 - g) The co-ordination amongst various institutions that are part of the technical regulation framework.
2. Member States recognize that the purpose of harmonization or making compatible is not to establish identical technical regulations, standards and conformity assessment procedures for the protection of human, animal or plant life and health, safety, prevention of deceptive practices and protection of the environment, but to facilitate and increase trade in goods and services.

- 3 Before Member States develop, adopt and implement technical regulations, governments shall ensure that the intervention is based on objective evidence that action is justified given:
 - the nature of the problem,
 - the absence of suitable alternatives for addressing the problem,
 - the likely socioeconomic benefits to society as a whole,
 - the costs of proposed actions, and
 - the risks associated with proposed actions.
- 4 Member States shall make this evidence available on request in order to enhance the transparency of the whole process and to foster increased compliance with the objectives of the SADC Protocol on Trade.

ARTICLE 7

TECHNICAL REGULATION LEGISLATIVE INSTRUMENTS

1. Member States shall ensure that the technical regulation is promulgated through a legislative instrument that describes the range of products covered, and / or the legitimate objective it intends to fulfil.
2. Member States shall ensure that their technical regulations indicate:
 - a) Requirements that are necessary to achieve the objectives of the technical regulation but do not specify or predict the technical solutions for doing so. The wording for these necessary requirements shall be precise enough to create legally binding obligations that can be enforced, facilitate the development and/or reference of the appropriate standards, and enable the assessment of conformity of products;
 - b) Technical requirements based on national, regional or international standards or parts thereof either by direct reference to the standards or parts thereof, or by indirect reference to the standards with the standards published as a separate official list; and
 - c) The relevant conformity assessment provisions, which are the relevant combination of inspection, testing and certification appropriate to the risk and consequential damages of failure.
3. Member States shall ensure that the legislative instrument
 - a) Makes it clear that products that comply with the referenced standard are deemed to conform to the requirements of the legislation. Should the supplier choose to use an unreferenced but similar standard or part thereof, the proof that the unreferenced standard also provides evidence of conformance with the requirements remains the responsibility of the supplier;
 - b) Makes it clear that before placing a commodity on the market or into service the supplier must have the commodity subjected to the conformity assessment provisions as detailed in the legislative instrument;
 - c) Identifies and empowers the regulatory agency to administer the technical regulation;
 - d) Identifies appropriate sanctions for non-compliance with the technical regulations; and

- e) Makes it clear that the supplier ultimately remains responsible for the conformity of the product even though the regulatory agency may have approved the product and/or third party conformity assessments may have been conducted.

ARTICLE 8

PREPARATION AND APPLICATION OF STANDARDS

1. Member States shall ensure that national standards are based to the greatest extent possible on the relevant international or regional standards, and that national deviations are the result of demonstrable and scientifically proven national specificities.
2. Member States shall ensure that National Standards Bodies (and any other national institutions developing standards) meet the relevant provisions of the WTO TBT Agreement, and in particular develop and publish national standards in accordance with *Annex III: Code of Good Practice for the Preparation, Adoption and Application of Standards* of the WTO TBT Agreement.
3. Member states shall ensure that once a SADC harmonized text for a standard has been developed and approved in accordance with the agreed SADCSTAN procedures, this text is adopted as a national standard and that any conflicting national standards are withdrawn.

ARTICLE 9

REGULATORY AGENCIES

1. In implementing technical regulations Member States shall ensure that the responsible regulatory agency or relevant government department
 - a) Require regulatory approval of products before they are brought into circulation only where it is necessary, e.g. the risk of non-conformance is high and detrimental for the protection of human, animal or plant life or health, safety, the protection of the environment or the prevention of deceptive practices;
 - b) Conducts the relevant market surveillance to establish whether products falling within the scope of technical regulations do indeed meet the necessary requirements once they are in the market place; and
 - c) Applies appropriate sanctions to ensure that suppliers not meeting the provisions of the technical regulations are discouraged from contravening the technical regulation provisions and in so doing endanger the protection of human, animal or plant life or health, safety, the protection of the environment or the prevention of deceptive practices.
2. Member States shall ensure that responsible government departments and/or their regulatory agencies meet the obligations on advance notification through the National Notification Authorities in respect of the WTO TBT Agreement obligations on technical regulations that are to be implemented for their area of responsibility.
3. Member States shall ensure that the responsible government department and/or their regulatory agency shall avail in a transparent manner all the information regarding the administrative and conformity assessment provisions of the technical regulations under their jurisdiction.

ARTICLE 10

CONFORMITY ASSESSMENT

1. Where a positive assurance of conformity with a technical regulation is required, Members States, shall wherever practicable,
 - a) Follow international best practices for conformity assessment,
 - b) Allow for public and private sector conformity assessment service providers to provide the supplier a choice thereby ensuring that the services are provided in the most cost effective way,
 - c) Make use of international conformity assessment schemes, where they exist, and thereby avoid duplication of conformity assessment.
2. Member States shall ensure that conformity assessment service providers are
 - a) Technically competent as attested to by an appropriate scope of accreditation,
 - b) Compliant with additional transparent requirements of relevant departments or their regulatory authorities and
 - c) Legally liable in the Member State where they provide conformity assessment services, where legal recourse is necessary should the conformity assessment service providers fail in their duties.
3. An Accreditation Body or Bodies, which is / are part of an international mutual recognition mechanism as managed by ILAC, IAF and others as relevant, shall be recognised by the Member State.

ARTICLE 11 **SANCTIONS**

1. Member States shall ensure that the appropriate measures are in place to compel suppliers to meet their obligations in terms of the technical regulations. These measures should include administrative and legal sanctions as relevant:
 - a) Administrative sanctions whereby suppliers are required to rectify the problem identified in the market place without further penalties. Administrative sanctions could include recall of the non-complying commodities from the market place to effect repairs and replacements, recall of the non-complying commodities from the market to be destroyed, and/or advertising campaigns to warn and inform the public about the problem.
 - b) Legal sanctions that are implemented through the judicial system should the supplier fail to respond positively on administrative sanctions.

ARTICLE 12 **IMPLEMENTATION AND MAINTENANCE AT NATIONAL LEVEL**

1. Every Member State is responsible for the observance of all the obligations set forth in this Annex. Member States shall formulate and take all reasonable measures as may be available to them to enforce positive measures and mechanisms in support of the observance of the provisions of this Annex by central and other government bodies, and businesses and non-governmental bodies involved in the development, adoption, implementation and maintenance of technical regulations.

2. Each Member State shall establish within 1 (one) year of adoption of this Annex, a function within government which will oversee the implementation of this Annex at national level for all future technical regulation work.
3. Member States shall implement a programme to update their existing technical regulations developed before this Annex came into force. Such a programme could include:
 - a) Identifying all such existing technical regulations;
 - b) Deciding whether these technical regulations are still required and, if not, having them removed;
 - c) Deciding whether these technical regulations meet the requirements of this Annex and current technical developments, and if not having them revised; and
 - d) Re-affirming and publishing technical regulations so reviewed and/or revised.
4. Member States shall repeal any technical regulations not re-affirmed within a given period of time.

ARTICLE 13

THE REGIONAL TBT COOPERATION STRUCTURES

1. In order to further the objectives of the SADC Protocol on Trade, the progressive elimination of technical barriers to trade amongst the Member States and between SADC and other Regional and International Trading Blocks and the promotion of quality and of an infrastructure for quality in the Member States, a formal framework, in which the cooperation amongst regulators, stakeholders and the national institutions in Standardisation, Quality Assurance, Accreditation and Metrology (SQAM) can take place, is established and the following structures created:
 - a) SADC Technical Regulations Liaison Committee (SADCTRLC)
 - b) SADC TBT Stakeholders Committee (SADCTBTSC)
 - c) SADC Cooperation in Accreditation (SADCA)
 - d) SADC Cooperation in Legal Metrology (SADCMEEL)
 - e) SADC Cooperation in Measurement Traceability (SADCMET)
 - f) SADC Cooperation in Standardisation (SADCSTAN)
 - g) SADC SQAM Expert Group (SQAMEG)
2. The Cooperation Structures shall be individually accountable to the CMT in relation to the functions provided for in this Annex, and shall provide an Annual Report to the CMT in this regard..
3. The objectives, aims, functions and membership of these Cooperation Structures are set out in Articles 14 to 21.

ARTICLE 14

GENERAL FUNCTIONS AND RULES OF THE COOPERATION STRUCTURES

1. All Cooperation Structures shall have the following general functions:

- a) Exchange of professional and technical information and transfer of expertise amongst Members;
 - b) Cooperation amongst themselves in the implementation of SADC regional programs related to TBTs;
 - c) Provision of a framework for collaboration among interested Members on specific projects;
 - d) Identification of technical problems which might form the subject of joint projects;
 - e) Coordination, endorsement and harmonisation of SADC regional training and development activities in TBT-related areas;
 - f) Harmonisation of training requirements and minimum qualifications for SQAM professionals;
 - g) Provision of information on regional TBT-related resources and services;
 - h) Liaison with corresponding regional and international organisations;
 - i) Establishment and operation of communication channels and dissemination of information on regional TBT resources and services;
 - j) Interaction with cooperating partners for regional SQAM facilities, equipment or training within the framework of overall SQAM programme priorities;
 - k) Establishment of Expert Working Groups in specific fields;
 - l) Optimal utilisation of the resources and services of Members and of the deployment of these towards identified regional needs;
 - m) Organisation, coordination and promotion of regional conferences, workshops, seminars and exhibitions on subjects relevant for any SADC regional programme related to TBTs;
 - n) Promotion of regional TBT requirements at political level;
 - o) Participation in International and Regional Organizations, where possible; and
 - p) Promotion and facilitation of greater Private Sector/Industry participation in SADC TBT-related activities.
2. With the exception of SQAMEG, all Cooperation Structures shall comply with the following general rules:
- a) They shall meet at least once a year;
 - b) They shall elect a Chairperson from amongst their Members, on a rotational basis, for a period of two years;
 - c) Each Ordinary Member shall have one vote;
 - d) They may define other membership categories in addition to Ordinary Members and Associate Members;
 - e) They may grant observer status to third parties to participate in a particular Committee meeting;

- f) They may draw up their own Rules of Procedure consistent with the provisions of this Annex to guide their functions and activities; and
 - g) Delegates from Associate Members may participate in all meetings but shall have no voting rights.
3. Except for the SADCTBTSC and SQAMEG, all Cooperation Structures' Secretariats, headed by a Regional Coordinator, shall be established at an institution of an Ordinary Member in order to carry out the day-to-day activities of the structure.
- a) Any Ordinary Member may volunteer to host the Secretariat at its own expense;
